REGRET BOMBSAmericans in Morocco Slay  
Women and ChildrenDiscover Truth Only After  
Several BombardmentsSheshuan Objective Proves to  
be Noncombatant TownBY VINCENT SHEKIN  
(BY CABLE-EXCLUSIVE DISPATCH)

(Copyright, 1935, by United States, Great Britain, France, and Japan, by the Associated Press.)

TANGIER, Nov. 12.—The pending disbandment of the American squadron of aviators, organized by the French for service against Abd-el-Krim, will end an episode which apparently has embittered greatly both the French and American authorities and which has occasioned much bitter comment not only in America but throughout French and Spanish Morocco.

During my two months in the RIF, I was bombed three different times by American aviators, although I had no idea that they were Americans until I met a group of the flyers in Tangier and dined with them. By comparing dates, we discovered that I had been under their bombs at Sheshuan.

The word "Sheshuan" brings up the whole question of the work of the American flyers in Morocco. Their bombardments of Sheshuan have been the most painful aspect of the war during the past two months.

If this was a war like any great European conflict, there could be no reason to object seriously to the bombardment of a town which was a noncombatant population. But this was a war in which the opposing forces are nowhere near equal and in which the noncombatant population is both French and Spanish. Both commands considered in the light of future subjects.

HUMANITARIANISM URGED  
The French government has taken as its ruling motto, "Today's enemy is tomorrow's friend." Therefore the French army has been ordered to conduct the war as humanely as possible. The French have no gas and no ultramodern means of destruction. The French aviation in general has a noble record of attacking only positions which they had no other means to believe were fortified and garrisoned.

This whole case falls down at Sheshuan, and unfortunately it is not the French, but principally the Americans, who executed the high command's order. The town of Sheshuan is a little Arab city of about 15,000 to 16,000 inhabitants, situated picturesquely down a hillside between two mountains.

Until 1920, when the Spanish under Gen. Berenguer occupied the place, it was a holiday town to which Europeans were never admitted. The few explorers who went there did so in Arab costume at the risk of their lives.

The city is filled with mosques, shrines and holy men, and it is famous in Morocco for the peaceful religious character of its population—men whom it is difficult to make fight under any circumstances. Nevertheless, Abd-el-Krim has made them fight, and almost the entire male population has been enrolled in his army and sent to various fronts.

Since the Spanish evacuated Sheshuan about this time last year, it has been the telephone central for Abd-el-Krim. But it has never had, and has not now, any other military significance.

ALL NONCOMBATANTS  
The population of Sheshuan is exclusively noncombatant—women, children, old men, Jews, holy men and scribes. There was also a hospital—until the French bombs drove it to Ajdir, a little Spanish hospital, and the only fairly decent center for the treatment of wounded in the entire kingdom of Abd-el-Krim.

There is no garrison in Sheshuan and the total number of RIF fighters never exceeds fifteen or twenty at any time. The commander of the city is an aged infirm, El-Bashaw, a native of the place, who never leaves his bed.

The second in command also is an invalid, Said Haddi, 40 years of age—no relation of the border chief and intriguer, Hadda.

The French information service is perfectly well aware of the whole Sheshuan status. Yet, at the beginning of September, a certain French journalist who had spent a day and a half in Sheshuan, returned to Tangier and made a really extraordinary statement that the city was a center for the recruitment of Abd-el-Krim's army, and general headquarters for military operations over the whole French front. Air bombardments were ordered at once, the French authorities evidently preferring to believe this Parisian journalist rather than their own excellent spy service.

The American aviators initiated and have since continued these bombardments of Sheshuan.

French aviators have seldom bombed there, and on one of the few occasions when they did so, they lost one of their Gloster planes, which fell and was destroyed.

AIM IMPROVES  
At first the Americans did little damage. On their first day, they killed two women and one young man. In the first raid which experienced there, they killed three women and one child.

Since then, their aim has improved. With better knowledge of the city, they no longer waste the bombs on the deserted, Spanish camp or the semi-deserted Jewish quarter. When I left Sheshuan a little more than a week ago, after ten days spent there with malaria fever, the city had begun to resume its normal aspect. The American raids had killed quite a few people—150 to 200—and had destroyed perhaps twelve or fifteen houses. The dead were exclusively non-combatants—a perfectly natural result, since the Arab women on the whole were completely under air raids and ran about wild like frightened animals.

It so happened that these raids never came when RIF troops were in Sheshuan, although troops on their way to or from the front often stopped there to pass the night.

Recently there had been few raids and they finally seemed to stop altogether, and many women and children who had received permission to seek refuge elsewhere had returned to Sheshuan when I left.

Shortly after my arrival at the Hotel Cecil in Tangier, I met four members of the American volunteer group and dined with them. They were Maj. Pollock, Capt. Bullen and Lieut. Farrand—officers who are considered by all concerned as the best pilots and finest men in the American group.

EXPRESS REGRET  
They told me that they had bombed Sheshuan that morning, firing exceedingly low and releasing more than thirty bombs over the city. Then they proceeded to Tetuan for lunch with the Spanish officers, and came to Tangier for dinner.

Obviously these officers had no idea what a picture this presented to me. If they flew low enough to see the water playing in the fountain in the public square, the Capt. Bullen did fly that low—they flew low enough to do enormous damage.

While they were, tranquilly lunching in Tetuan as the guests of the Spanish, certain dirty little Arab children were wandering tearfully through the ruins of their houses, looking for their dead mothers. Where the purple convulsions fell over the white walls of the Bashaw's house in the center of town, Abd-el-Krim's few officials were no doubt grimly pondering the removal of the mangled remains of women, children and peaceable old men. And over the whole white-walled square, the French aviators were heard the walls of Arab women.

Of all this the Americans who were responsible, had no idea. Mustain said casually, "What we can't understand is why nobody ever fires at us in Sheshuan. Every other place we have bombed, we get heavy rifle fire."

When I explained to them that Sheshuan was a completely non-combatant city and their victims always women, children and old men, they all showed deep regret that this of all things has been their principal employment in Morocco.

WAITERS ASK RISE,  
TIPS FALLING OFF  
(BY A. P. MONT WIRE)  
CHICAGO, Nov. 12.—Dining-car waiters and cooks of the Missouri, Kansas and Texas Railroad applied to the United States Railroad Labor Board today for an increase in wages, explaining that tips are not what they used to be. Attorneys for the railroad said the tips constituted a large share of the pay received by dining service employees. Tips collected by the waiters, which they divide with the cooks, average \$50 a month or 12 1/2 per cent of the cost of meals, the testimony showed.

## TELLS OF RIFFIAN TORTURE

Famous Globe Trotter Says Women More to Be  
Feared Than Men in Moroccan Tribes[EXCLUSIVE DISPATCH]  
BOSTON (Mass.) Nov. 12.—Harry C. Ostrander, famous globe-trotter, who recently returned from the Riff fighting zone, tells some of the horrible sights he has seen and the amazing adventures he went through in the Riff.

"In my journey through the Riff," said Mr. Ostrander, "I heard from all sources that the Riffs are less to be feared than the women of the tribe. The Riffian women march with their soldiers and woe to the weakling, or the prisoner, who falls into their hands. For they inflict upon the prisoners tortures which only these people know how to inflict. In all my travels I have found no people who have brought the skill of torture, as keen a science as have the peoples of Morocco."

"On my former visit to Morocco, I went to see the prisons, having heard that here I would see some of their methods of punishment. I saw one prisoner with his ear badly slit, and asking what it meant, was informed that he had been a butcher, who had underwhelmed his wares, and for this was nailed by his own ear to his own door."

SALT CURE  
"I saw men with their hands chopped off for stealing. And one other torture—used in cases where there was rebellion against the Sultan—was the 'salt' torture. A man's palm was slashed in three or four deep cuts, and the salt rubbed into the open cuts. Then the fingers were bent over until they pressed into the open wounds. Finally the whole hand, held in this position, was tied with wet buckskin which shrank as it dried. The prisoner was then chained to a post."

"If this was a war like any great European conflict, there could be no reason to object seriously to the bombardment of a town which was a noncombatant population. But this was a war in which the opposing forces are nowhere near equal and in which the noncombatant population is both French and Spanish. Both commands considered in the light of future subjects."

HUMANITARIANISM URGED

TOPOC SITE  
DAM RIGHTSFederal Board Holds Up  
Colorado River Decision  
Pending Pact Action(BY A. P. MONT WIRE)  
WASHINGTON, Nov. 12.—The Southern California Edison Company has applied to the Federal Power Commission for authority to construct a dam at the Topoc site of the Colorado River in Arizona.

The application will be held up by the commission in line with its recently expressed policy of withholding all development in the river pending the ratification of the Colorado River compact.

The Topoc site is considered one of the major development sites on the river and would affect lands in Arizona, California and Nevada.

The Topoc dam site on the Lower Colorado River, known as the Mohave site, is fifteen miles below the town of Needles, Cal., on the Arizona-California border. It is the lowest dam site recommended by engineers on the Colorado River and estimates have been made by government engineers that a dam could be completed in less than two years.

First recommendation of construction of a dam here was made several years ago by E. C. La Rue, engineer of the United States Geological Survey. Construction of a flood control, river regulation and irrigation storage dam here would make necessary relocation of the town of Needles and some twenty miles of Santa Fe main-line tracks. A dam 150 feet in height would create storage of more than 10,000,000 acre feet, Engineer La Rue reported.

I had often heard it said that dervishes, in an ecstasy of religion, do not feel pain, and that night quite convinced of this. After the men had settled down, following my intrusion, a brazier was brought in and I saw several men take red-hot coals out of it and eat them. Then they would take long stiletto-like knives, and drive them through their cheeks or arms or legs.

"Anything Worth Doing  
Is Worth Doing Well"And because I practice what I preach  
I am giving the greatest values in—

## Two-Pants Suits

for  
\$34 and \$44

You men will ever be able to buy

If I didn't know I could make a suit of clothes with two pairs of pants for thirty-four and forty-four dollars that would stand out as superior, to any other man's conception of what a superior tailored suit with two pairs of pants means, for those prices, I can't do the works.

And you can jot that down in the old notebook with John Wright's signature.

When I tackled this proposition of giving you men a made-to-measure suit that would have the earmarks of one you'd pay a lot more money for, I didn't overlook any bets.

What I started out to do, I did right. What I thought was worth doing, I thought was worth doing well; and from the records on file in my office, you can gamble on it, that thousands of men in this man's town backed up my judgment.

Believe me, it's going to take a lot of tall hustling to dig up a value at \$34 or \$44 to knock me off my perch.

I'm sitting pretty, because I practice what I preach, and the men who give me their confidence by buying these two pants suits at thirty-four and forty-four dollars, are sitting right along with me.

Buying power, organization and "know how," do the trick, and if you want a dyed-in-the-wool, well-made suit any man would be proud to wear, come on up now and make your selection from a big and fine line of imported and domestic fabrics, any man would care to see.

### McLARNIN KNOCKS FIELDS OUT IN SECOND ROUND

**ERNE NEVERS IN GOOD SHAPE**  
(BY A. P. NIGHT WIRE)  
PALO ALTO, Nov. 12.—Ernie Nevers, captain and star fullback of the Stanford University football team, who entered the hospital here yesterday for a complete rest, was declared in good condition tonight by the attending physician, Dr. C. M. Williams. The doctor said there was nothing wrong with Nevers except that he needed a rest after his strenuous work in the Washington game at Seattle last week.

**OBSERVATIONS**  
BY THE JUDICIAL SYRACUSE.  
BILL HENRY  
FROM all reports the football team which played under the banner of the Pasadena Post of the American Legion at Pasadena the other day is a pretty acceptable aggregation of gridder. There seems to be no question but that they will play against the Olympic Club in December, and if that is the case they should draw a big crowd and make a good showing against the northerners. It is about time that we had a first-class club aggregation or so down here in the south, and such an

**INDIVIDUALS IN GRID LIMELIGHT**  
Five Battles of Stars This Week in Eds  
Reputations Rise or Fall in Contests Saturday  
Oberlander of Dartmouth to Face Chicago Marvel

(BY A. P. NIGHT WIRE)  
NEW YORK, Nov. 12.—Five great struggles between individuals who have attained fame on eastern football fields will draw the cheers of thousands this Saturday.

**MR. MOSES' SON**  
His first name's Don and he's one of the backfield reasons why L. A. High is what it is, footballically, today. Moses won an all-city halfback berth last season and seems due to repeat this year. The Romans tackle Jefferson High on the Manual Arts gridiron this afternoon and Moses will get another chance to do his stuff.

**MONTANA TEAM DUE IN TODAY**  
Grizzlies to Arrive This Morning for Tilt  
Battle Trojans on Coliseum Field Tomorrow  
Drury to Play Safety for Jones' Eleven

(BY BRADEN DYER)  
With the sensational Bill Kelly as the outstanding star of the team, the University of Montana eleven is due to arrive here this morning for tomorrow's encounter with Coach Howard Jones' U.S.C. outfit. The Grizzlies are slated to roll in over the Southern Pacific and will reach the city at 8:45 o'clock. They will stop at the Alhambra.

**JACKIE ON FLOOR FIVE TIMES DURING BATTLE**

**Jimmy's Terrific Rights to Chin Send Rival Through Ropes as Beginning of End**

(BY PAUL LOWRY)  
The future lightweight champion of the world, an 18-year old kid with a baby face polished off a Los Angeles product last night and did such a convincing job of it that his name will be on everyone's tongue for days. Jimmy McLarnin knocked out Jackie Fields in the second round of an astonishing fight at the Olympic Auditorium.

**SEEK NEW HARVARD COACH**

(BY A. P. NIGHT WIRE)  
NEW YORK, Nov. 12.—Harvard's coaching situation as a result of the disappointing showing of the Crimson this fall is arousing considerable speculation.

**HALT ROSENBERG FIGHT**

(BY A. P. NIGHT WIRE)  
SAN FRANCISCO, Nov. 12. The boxing card featuring Charley (Phil) Rosenberg, world's handiweight champion, and George Sirova of Los Angeles, in a ten-round bout here next Saturday afternoon, was postponed today until next month.

**ELI FAVORED OVER TIGERS**

Army Picked to Beat Columbia; Penn, Dartmouth and Brown Get Long Odds Over Opponents

(BY A. P. NIGHT WIRE)  
NEW YORK, Nov. 12.—Odds have lengthened on most of the favorites in this Saturday's football battles.

**Send Stanford Scrubs Against Grizzly Outfit**

(BY A. P. NIGHT WIRE)  
STANFORD UNIVERSITY (Cal.) Nov. 12.—Virtually the entire second Stanford football team will line up against the University of California Southern Branch Saturday, it was indicated today by Coach "Pop" Warner.

**IOWA MEETS MINNESOTA**

(BY A. P. NIGHT WIRE)  
IOWA CITY (Iowa) Nov. 12.—Twenty-eight Hawkeye grid warriors plus the usual quota of coaches embarked tonight for Minneapolis, where they will wind up the conference season against the Gophers Saturday.

**GRANGE SPIKES RUMORS OF PRO OR POLITICAL CAREERS**

(BY A. P. NIGHT WIRE)  
URBANA (Ill.) Nov. 12.—"Red" Grange today spiced persistent rumors concerning his actions at the close of the football season, and ridiculed the idea that he would run for Congress, in an interview with the Associated Press.

**PLAN TO INCREASE STADIUM CAPACITY**

(BY A. P. NIGHT WIRE)  
NEW YORK, Nov. 12.—Work will begin soon on the construction of 15,000 temporary seats, which will increase the capacity of the Yankee Stadium to 80,000.

**You were Proud of your Car at One Time**

Remember the day you bought your car, remember the pride you took in its new lustrous appearance—its sheer beauty indeed was a source of pride and contentment. That original new car beauty has no doubt disappeared and faded away by this time—the elements were more than its fragile beauty could withstand.

Gone, too, is the pride of ownership you had—it has faded and diminished along with the finish on your car.

Look it over today, compare its present appearance with its beauty when you bought it, then bring it to WEAVER-MASON CO. A Weaver-Mason Permanent Finish will Permanently

**RENEW YOUR PRIDE OF OWNERSHIP**

## TEN KILLED IN EXPRESS CRASH

Forty Injured by Wreck on  
Pennsylvania Line

Trains Collide in Fog During  
Run to New York

Badly Mutilated Bodies  
Taken from Debris

(BY A. F. MORT WIRE)  
PLAINSBORO (N. J.) Nov. 12.—Speeding through a dense fog, the Pennsylvania Railroad's Marcellus express from St. Louis early today crashed into the rear sleeping car of an express train from Washington, killing at least ten persons and injuring forty, some of whom are not expected to survive. Both trains were bound for New York.

The exact number of dead will be uncertain until the wreckage is cleared, which may not be until tomorrow morning. All-night wrecking crews worked slowly in a pouring rain under the glare of flickering lights, with curious crowds watching the operations. State troopers and railroad police guarded the tangled wreckage. Many of the bodies were so mutilated that identification was difficult.

**THE KNOWN DEAD**  
M. ANTEUTA, Schenectady, N. Y.  
D. W. BATES, Baltimore.  
D. D. REED, Schenectady.  
JOHN C. HORSTMAN, Schenectady.  
ARTHUR W. GROSS, Schenectady.  
T. J. MAJOR, Philadelphia, negro.  
G. Y. ALLEN, Bloomfield, N. J.  
Two unidentified bodies at morgue in New Brunswick, N. J.

**MANY IN HOSPITAL**

Those still in hospitals tonight were:

Thomas Wry, Lynn, Mass., back broken.

E. C. Lowrey, Akron, O., injuries to thigh, shoulder and right eye. Condition serious.

H. M. Lofton, Chattanooga, Tenn., spinal injuries. Condition serious.

Frank Harsig, Baltimore, injured back and neck.

Others injured were treated at the wreck and sent to their homes.

At the point where the accident occurred the roadbed begins a level stretch of nearly ten miles, where railroad men said it had been the custom of trains running behind schedule to make up some of their time. This was said to have been the case with the St. Louis train today.

**TRAIN GOING SLOW**

The Washington train, composed of seven day coaches and three Pullmans, was traveling at about ten miles an hour. One report was that engine trouble had developed necessitating slow procedure. Another report was that the train was several minutes ahead of schedule; that it had come to a stop and that the flagman had gone ahead to learn if the St. Louis train had passed the point. There were no indications to the contrary. The flagman had just boarded the Washington train and it again got under steam when the St. Louis train, speeding at a rate said to have been fifty-five miles an hour, crashed into the rear car of the Washington express.

Timothy Carroll of Jersey City, engineer of the St. Louis express, scrambled from his locomotive and ran two miles to Plainsboro to report the accident. News was quickly relayed to Trenton, New Brunswick and Newark and doctors and nurses hurried in automobiles from all places in the immediate vicinity.

**Governor Plans to Avert Delay in Extraditions**

(BY A. F. MORT WIRE)

SACRAMENTO, Nov. 12.—Gov. Richardson announced today that a plan has been worked out by Fletcher Bowron, his executive secretary, to expedite the returning to California of fugitives from justice, thereby aiding in the enforcement of law and order and backing up the district attorneys of the counties and the courts of the State.

The plan will standardize and simplify the drawing of applications for regulations in extradition proceedings. To advise the criminal prosecuting agencies of the State, the Governor has adopted and published rules of practice relative to applications for interstate requisition of fugitives from justice.

The rules and regulations in printed form have been sent to the district attorneys, together with forms for making applications to the Governor for regulations upon the Governors of other States for fugitives, and also forms for the proper certification of all papers that properly should accompany the applications.

**INDIANS GIVE COLOR TO FAIR AT PHOENIX**

(REUTERS DISPATCH)

PHOENIX, Nov. 12.—This was Indian Day at the State Fair and thousands of redskins took advantage of the general invitation. They thronged the exhibit buildings, especially interested in the handicraft of many tribes on display and gave color to a scene that was especially attractive to out-of-State attendants.

Indians furnished the main features of the track contests, in foot, horse, mule and wagon races. The Pima and Apache warriors were present, while about 1200 Indian children were present from the Phoenix Industrial and St. Johns' Mission schools.

Tempe furnished a trainload of whites who came to cheer for Tempe State Teachers' College in a football contest with the strong team of the Phoenix Indian School. The whites won, 11 to 7.

This evening in Phoenix was the opening of the first radio exposition ever known in Arizona, with Gov. Hunt broadcasting the opening address.

Just to introduce ourselves again, "that's all"

# we repeat our opening offer tomorrow

Grand climax of the greatest men's tailoring sale ever held in California

Sale positively ends in a few days

Unparalleled in the annals of the men's custom tailoring business in California our astonishing opening sale has established a new standard of value giving, by which the strength of all future special announcements will be determined.

Our opening offer is a bold, daring stroke, straight from the shoulder, made by a reputable concern for a definite purpose—solely to commemorate the rejoining of two former partners and to impress upon the public mind the importance and significance of our organization.

We know of no better way to introduce ourselves—we have made it well worth your while to get acquainted.

M. M. Tucker

Men: There are occasions in business life when language is inadequate as a descriptive medium, I make bold to say that we are presenting such an event at this time. Never before in my fifteen years experience have I witnessed so big and splendid an assortment of all woolen fabrics, offered at so insignificant a price. Certainly to my knowledge no other tailor in Los Angeles has ever attempted to give such values.

Men, come to this sale without any skepticism as to finding a strictly all wool fabric that exactly pleases your fancy, and remember that I absolutely obligate myself to give you the same expert designing and fitting, exactly the same conscientious workmanship, the same high grade lining and trimming, as if you were paying the regular price of \$55 to \$60 instead of our special opening sale price of \$35.

FABRIC, WORKMANSHIP AND FIT ABSOLUTELY GUARANTEED

The degree of satisfaction to be experienced in a suit of clothes depends absolutely on the ability of the tailor. We don't expect a man to come to our new tailoring shop just to gain a LITTLE price advantage. We make the object so overwhelmingly compelling that full conviction is the next step after inspection. Come to us with the full knowledge of what kind of suit other tailors turn out at \$55 to \$60, and if you decide we cannot do as well or better by you at \$35 do not patronize us—don't pay us a cent.

## Grand Opening Offer

Any Suiting or Overcoating Made to Your Individual Measure

Our Regular \$55 to \$60 Values

\$35

Our Regular \$55 to \$60 Values

Your Absolute Satisfaction Is as Certain as the Law of Gravitation

We guarantee a faultless fit, and we accept your order with the distinct understanding that if the suit or overcoat does not fit to your entire satisfaction you do not have to accept it, and it will not cost you a cent. Once we make a suit for you you will always be a customer. Other dealers will not be able to get your trade if they give you the clothes for nothing. We give you the best fit possible. We put in every coat the very best, high-grade shoulders. All coat fronts are guaranteed not to break. Coat collars hug the neck. Bear in mind you always deal with one of the partners when you come into this institution. Mr.

Charleson will design your suit, cut the goods, and fit them. Every time you come into the shop you will find one of the proprietors right on the job—and we are RESPONSIBLE. You always deal with one of us. From the time the shop opens in the morning, until its doors close at night you will always find us here, we are never away. We never turn you over to assistants—we give you personal and individual attention. If you have never been satisfied before you are the man we are looking for—remember our introductory sale ends Saturday night, November 14th, positively.

James Charleson

Men: The announcement we make today is strong, unusual and timely; it is stated in plain, simple language—in terms that cannot be misunderstood, or misconstrued. Briefly, we offer our regular \$55 and \$60 suits and overcoats made to your individual order at \$35.

There are no restrictions stated, no equivocation—no "outs" little technicalities by which we can escape the issue in any way.

Could anything be more idiotic, more puerile and suicidal than for us to make such an announcement UNLESS WE STAND READY TO BACK IT UP BY ACTUAL PERFORMANCE? Is it reasonable to suppose for a moment that we would endanger a reputation which has cost us fifteen years in time and thousands of dollars in money—that we would invite ridicule to displace the high respect which we have so zealously won? NOT MUCH.

No man of ordinary intelligence can help but realize that it is up to us to absolutely MAKE GOOD—or close our doors.

Not only have we issued a challenge to all competitors, but we also have filed with the public an exacting bill of specifications, to which we must measure up squarely and completely or become the laughing stock of all decent merchants.

This is the situation in a nutshell.

### COMMITTEE REPORTS ADVERSELY ON CURES

DECLARE NO ORGANIC  
TROUBLE REMEDIED BY  
HEALING POWERS

[RECEIVED DISPATCH]  
BANGOR (Me.) Nov. 12.—A report of investigation conducted by a committee of ministers to the Bangor Ministerial Association in the matter of Mattie Crawford, "evangelist" and so-called "woman in white," who recently conducted a series of evangelistic meetings in this city.

The report states that following a close check-up on all persons who were reported to have been benefited by Mrs. Crawford's healing powers, not one case has shown a cure in the case of any organic affliction.

Also the woman evangelist's assertion that she is a regularly ordained Baptist minister is refuted on the ground that, though investiture has been made, the committee could find any facts to prove this assertion.

There is at present a resolution before the association asking that a reward of \$100 be offered for

### proof of a single bona fide cure of any organic affliction through Mrs. Crawford's ministrations.

LOCAL WOMAN GIVES  
MONEY TO HOSPITAL

[RECEIVED DISPATCH]  
TUCSON (Ariz.) Nov. 12.—Fifteen thousand dollars has been subscribed toward the cost of improvements needed at St. Mary's Hospital, to house the nuns, who were left almost homeless by fire. The largest subscription is that of Mrs. William Brophy of Los Angeles, who has sent \$1000. Funds are being given without regard to religious affiliation of the donors, one of Bishop Gore's best supporters in the movement being Harold Bell Wright.

PNEUMONIA PROVES FATAL

[RECEIVED DISPATCH]  
NOGALLES (Ariz.) Nov. 12.—James Cumming, a Tubac rancher, died of pneumonia that succeeded injury received in a fall from his horse near his home. A few weeks ago he was acquitted by a No-gales jury of a charge of murder of Cenobio Villa, a rancher neighbor. Cumming was 29 years of age, and leaves a sister and four brothers.

### MEXICO TO HELP FIGHT SMUGGLING

Picket Lines Along Border  
Tightened Against Run  
Traffic

[RECEIVED DISPATCH]  
NUEVO LAREDO (Mex.) Nov. 12.—Tightening of the picket lines against the unlawful running of liquor across the Rio Grande is expected to result in reducing the nefarious business to a minimum. Hereafter Americans must do their drinking on the Mexican side of the river. The Mexican government is co-operating with the prohibition enforcement officers in an effort to break up the gangs of liquor smugglers.

Orders were recently received by the military authorities here direct from President Calles to place a patrol along the entire length of this military zone for the especial

### purpose of preventing the smuggling of liquor into the United States. Similar orders were received by the military commanders of the other zones bordering the frontier, it is stated.

Although the American bank of the Rio Grande is not as well guarded as it might be, due to the lack of mounted inspectors of the customs service and other officers, more vigilance is now exercised against smuggling operations of all kinds than ever before known. It is asserted. The practice of American visitors coming to border points for the week-end, loading up with liquor and driving automobiles while drunk also is to be stopped.

The grand jury of Webb county in session at Laredo, just opposite Nuevo Laredo, recently returned twenty-six indictments against persons for driving automobiles while intoxicated upon the streets and highways of that county.

UTILITY PURCHASED

[RECEIVED DISPATCH]  
CAMERON (Tex.) Nov. 12.—The Texas Power and Light Company has purchased the electric light and power plant of the Cameron Water, Power and Light Company and will extend its high transmission line from Temple to Cameron and a number of other towns in this section.

### Six States Will be Connected by Power Project

[RECEIVED DISPATCH]  
CHICAGO, Nov. 12.—The Midland Utilities Company of this city announces that Chicago will shortly be linked with cities in five other States of the Central West by a huge superpower electric system. The system is to be in operation by March 1, 1926. It will cover the States of Indiana, Ohio, Pennsylvania, Illinois, West Virginia and Kentucky.

Work is to begin immediately on a 125,000-volt transmission line between Michigan City and South Bend, Ind., which will connect up two large power systems. The plan is considered to be another step in a move for country-wide superpower system.

TEXANS MEET TONIGHT

President Claude A. Shutt of the Texas State Society is calling the Lone Star contingent to the monthly social Friday evening in the Music Art Hall, 223 South Broadway. A popular program will precede the dancing. All Texans are invited.

### VANCOUVER OPENS UP BRIDGE ACROSS INLET

[RECEIVED DISPATCH]  
VANCOUVER (B. C.) Nov. 12.—The new \$3,000,000 bridge built by the City of Vancouver and surrounding municipalities assisted by the Dominion and Provincial governments, across Burrard Inlet was officially opened by Hon. Dr. W. H. Sutherland, Provincial Minister of Public Works. The bridge is a single deck railway and vehicle structure and runs from the south shore to the north shore about five miles east of this city. The custom of imposing a toll has also been established. This goes to the upkeep of the bridge which is 2500 feet long with 7000 feet of approaches.

FALSE ALARM COSTLY

[RECEIVED DISPATCH]  
ABINGTON (Mass.) Nov. 12.—Ringing false alarms is going to prove pretty expensive for John Cushing and John Lydon of this town. In Second District Court Judge George W. Kelley found the two youths guilty and ordered them to pay the town of Abington \$51. The \$51 will reimburse the town for expense incurred in answering the alarms.

### OWNERS PAINT NOW PAY IN INSTALLMENTS

Choose your own painting contractor. We will finance owners or painting contractors on painting, decorating or wall paper jobs of \$100.00 or over to be paid in installments up to ten months.

INDIANS GAIN  
IN POPULATIONIncrease of 19,000 Within  
Twelve YearsSome Living in Every State  
of UnionOsage Tribe Richest People  
on Earth

BY FREDERIC J. HARKIN  
(SPECIAL DISPATCH)

WASHINGTON, Nov. 11.—The Indian population of the United States, according to figures recently given out by the Department of the Interior, is approximately 350,000. This represents a gain during the past twelve years of almost 19,000, while during the fiscal year ending June 30, 1925, the increase was 2493. These figures apply strictly to the United States, Alaska, with a large Indian population, is omitted.

Every State and the District of Columbia has some Indians residing within its boundaries. Delaware has the least. But two of the states of America's first families live within the second smallest State, Rhode Island, the smallest State, has 104. Texas, the largest State, has 2110. The District of Columbia has 37.

**DISTRIBUTION**

Twenty-six States have less than 1000, while fifteen have more than 5000. Ten States have more than 10,000. These are mostly Western

POLICE SEEKING  
'LOVE BANDIT'Well-Dressed Youth Steals  
Only Kisses and  
Hugs

NEW YORK, Nov. 11.—Detectives of the Bedford-avenue Station, Brooklyn, are trying to find a person called by them a "love bandit." They have several reports of girls going home alone who have been followed by a youth, sleek haired and conspicuous for the newness of his attire. Inside the vestibule of their homes this young man produces a revolver and insists upon being allowed to kiss and hug his victims, departing after a moment or two without any effort at robbery or serious injury.

The latest report received by the detectives, they assert, came from Miss Helen Mause, 20 years of age, and more than ordinarily good looking. She screamed at the sight of the revolver and escaped the usual molestation.

and Middle Northwestern States, the notable exception being North Carolina, which has almost 12,000 Indians. Wyoming, which possesses the Shoshone reservation, and which one might think would have a large population, has less than 2000. One State, Oklahoma, has more than 120,000 Indians.

Some of the newer school of ethnologists recently have propounded the theory that there are more Indians now than there were when Columbus sighted the shores of the new world. They declare that when he came here the natives were strung along the sea coast in the East, very few living in the interior. Under the hypothesis that the Indian population of this country has increased 19,000 in the last twelve years, and that twelve years have elapsed thirty-six times since 1492, therefore, there would have been 684,000 less than no inhabitants living in the territory that is the United States. This, however, is as hypothetical as the postulations about the Indians. Authorities continually disagree as to the original population of the United States.

One thing is certain, however. In many cases the modern Indian is a more opulent individual than his ancestor. The Klamath tribe of Oregon happens to possess valuable timber tracts and the royalties and bonuses provide a happy living. And then there are the Oklahoma Indians whose fabulous wealth rolls in while they sit and smoke in front of their cabins. Of these the Osage tribe is the richest.

This tribe is, in fact, the richest people per capita in the world. There are 2250 Osage Indians enrolled as eligible to receive oil royalties and bonuses on leases. Their reservation contains 1,463,185 acres of the richest land in the world. Since the discovery of oil in Oklahoma in the latter part of the last century the Osage had, up to 1925, received \$56,000,000 in oil and gas bonuses. This came from land leases. Their royalties on oil, gas, and casinghead gas amounted to \$75,500,000. For the fiscal year ending June 30, 1925, these Indians received \$13,000,000 in oil, gas, and casinghead gas royalties and \$337,000 in bonuses from the lease of oil and gas fields.

**FIVE TRIBES**

Other than the Osages, the Segas, the Kiowas, the Pawnees, the Poncas and the Shawnees, and the five civilized tribes, the Creeks, the Choctaws, the Chickasaws, the Cherokees, and the Seminoles, in Oklahoma, and the Shoshones in Wyoming, have received bonuses in royalties and bonuses. The so-called five civilized tribes for the decade between 1914 and 1924 received \$3,700,000 in bonuses and \$41,000,000 in royalties. The Kiowas, Pawnees, Poncas, Shawnees, and Segas received \$4,755,000 in bonuses, and \$43,014,500 in royalties.

The son of the owner, Robert Elton, fled to his home near the mill and was only able to prevent his home from being entered by firing several rifle shots into the air, which scattered the rioters.

**WISH OKLAHOMA CITY  
TO BE PORT OF ENTRY**

**MERCHANTS FIND SHIPMENTS  
OF HOLIDAY GOODS  
DELAYED**

OKLAHOMA CITY, Nov. 11.—Millions of dollars' worth of holiday goods shipped to merchants of Oklahoma are being detained in warehouses of New York, St. Louis and Kansas City because of delayed completion of import duty collections and governmental orders releasing them, according to members of the Oklahoma City Chamber of Commerce and managers of large Oklahoma City department stores.

This situation has caused these men to insist again that the government designate Oklahoma City as a port of entry. The matter has been placed before United States Senator Harrell, who promised to see what may be done about it. It is estimated that Oklahoma City's import business amounts to several hundred thousand dollars a year, and that a local port of entry of the maximum named by the Treasury Department necessary to the designation of the city as a port of entry.

COLLEGE GIRLS  
SCORE HARVARDHumor of "Lampoon" Stirs  
Up Radcliffe's WrathIntercollegiate Beauty Con-  
test SuggestedFootball Season Object of  
Feminine Attack

(SPECIAL DISPATCH)

BOSTON, Nov. 11.—Some of our meekest, mildest Radcliffe girls have put on their "women scorned" complexions, sharpened up pretty pink fingernails, lighted the fires in their fawnlike eyes and girded up their new-fashioned galluses in a six-cylinder sort of wrath against the funny Harvard Lampoon men.

And when the young furies had completed their latter bombardment of words against the Crimson comics, raw and bleeding Harvard dignities lay strewn about Harvard Square and justice has been done against the Lampoon's making sport of the Radcliffe girls.

The only examination a Radcliffe girl can't pass is a caption in the Lampoon beneath a cartoon of a Radcliffe girl peering into a mirror.

And then came back the biting retort—particularly biting in the light of Harvard's ragged football season—that these few things which a Harvard man can't pass gracefully:

(1.) A football (this is very touching to Harvard men.)

(2.) A bargain counter.

(3.) The following definition was made of the Harvard man:

"If you perceive a face, rough with unshaven growth and half-hidden under a fish peddler's hat; if you stand up in a subway train while the man seated in front of you gapes dumbly, but with a distinct motive, at the advertisements; if you receive a Dempsey-like punch in the nose; if you see a 1925 car get out of the door; if you step off the boardwalk into the mud to let him pass; if you see a man in a downy—my dear, you have discovered a Harvard man, 'lord of the earth.'"

The climax of the column came when one girl offered to oppose the Harvard undergraduates to determine the beauty championship of the two colleges. She said:

"I am willing to put twelve photographs of the prettiest girls in Radcliffe against anything the Lampoon can produce from its handsome board, the pictures to appear in the Crimson, and public sentiment to be the judge."

The college girls contend that the Lampoon attacks have caused to them even remotely humorous and are untrue. They also assert that the publicity connected with the derogatory digs is handed to the college.

The Crimson has refused to take up the matter in an editorial way, according to Mr. Field, and will not print the letters condemning the situation as forwarded by over a score of Radcliffe girls.

BARBERS  
TO RESIST  
NEW LAWStatute Compels Beauty  
Parlors to be Separated  
from Men's Shops

(SPECIAL DISPATCH)

NEW HAVEN (Ct.) Nov. 11.—Indignation is expressed by all master barbers of the State informally, and all officials by the Barbers' Protective Association, which passed resolutions not only protesting against the statute which was adopted by the recent General Assembly divorcing barber shops from beauty parlors but calling up on the barbers of the State to disregard it. Action officially urging the disregard of a statute has never before been taken by any State organization.

The Legislature decreed that a barber could not serve his male and female customers in the same room, but must cut the hair of men and women in different rooms, having separate entrances. The recently formed State Board of Cosmeticians formally promulgated the Legislature's Act last week and threw the barbers of the State into a panic. Whether the barbers of the cities and towns of the Nutmeg State will refuse to organize both a barber shop for the men and a beauty parlor for the women is uncertain.

**Boy Saves Life  
of Father Hurt  
by Angry Bull**

(SPECIAL DISPATCH)

LEXINGTON (Ky.) Nov. 11.—Lou C. Penrod, a farmer of this county, probably owes his life to the bravery of his son William, 10 years of age. The elder Penrod was attacked by a bull and was being trampled on the ground when William rushed up and stopped the contents of the bucket of milk in the bull's face and then beating the bull with the empty milk bucket.

Mr. Penrod cut and bruised by the brute's attack, managed to crawl to safety. He was placed in care of a physician and is recovering.

**INDIANS CARRY DEAD  
YOUTH FROM CANYON**

(SPECIAL DISPATCH)

GRAND CANYON (Ariz.) Nov. 11.—The body of Oscar Lovenskiold has been brought to Grand Canyon for burial, taken out from the depths of the Grand Canyon on a litter carried by Hava Supai Indians. He was 20 years of age, son of a Capt. P. R. Lovenskiold of the Indian School, who was the only white man in the canyon at the time the lad was stricken with pneumonia and who nursed him during his brief illness. A runner was sent to Grand Canyon, whence Park Superintendent Zakin dispatched a car to meet the cortege at the head of Tobe Kobo trail, one of the roughest of aboriginal highways, up which the body was borne by relays of Indians.

DIRECTOR GENERAL  
OF ROADS TO RETIRE

(SPECIAL DISPATCH)

WASHINGTON, Nov. 11.—Leaving behind him a record of having settled hundreds of millions of dollars in claims and of having adjusted the differences between the government and the railroads following the relinquishment of government control, without once resorting to litigation, James C. Davis, Director General of Railroads, will retire next month. Mr. Davis also was the agent of the one and only railroad liquidation, President in railroad liquidation.

James C. Davis

(SPECIAL DISPATCH)

WASHINGTON, Nov. 11.—Leaving behind him a record of having settled hundreds of millions of dollars in claims and of having adjusted the differences between the government and the railroads following the relinquishment of government control, without once resorting to litigation, James C. Davis, Director General of Railroads, will retire next month. Mr. Davis also was the agent of the one and only railroad liquidation, President in railroad liquidation.

(SPECIAL DISPATCH)

VANCOUVER (B. C.) Nov. 11.—Canadian Customs officials made a second seizure here of trunks containing morphine on their way from Germany to Kobe, Japan. Last week a similar seizure was made and together the quantity of morphine seized is valued at \$150,000.

The system of getting the drugs through was to ship the trunks from Bremen, Germany, to London, then from London they came in bond by Dominion Express consigned to order in Kobe. No name appears on the bills here but the authorities are certain that the shipping bills in Germany and possibly the transfer bills at London may contain the name of the shipper, or some fictitious name.

It has been known here for some time that Germany was shipping drugs, but it had been impossible to get them here or through this port. All boats coming from Germany or from continental Europe are now being given special attention by customs searchers, as it is believed that large quantities of drugs move on regular freighters.

**SEIZE DRUG  
SHIPMENT  
FOR JAPAN**

Canadian Customs Men in  
Second Haul of Dope  
Bound for Orient

(SPECIAL DISPATCH)

VANCOUVER (B. C.) Nov. 11.—Canadian Customs officials made a second seizure here of trunks containing morphine on their way from Germany to Kobe, Japan. Last week a similar seizure was made and together the quantity of morphine seized is valued at \$150,000.

The system of getting the drugs through was to ship the trunks from Bremen, Germany, to London, then from London they came in bond by Dominion Express consigned to order in Kobe. No name appears on the bills here but the authorities are certain that the shipping bills in Germany and possibly the transfer bills at London may contain the name of the shipper, or some fictitious name.

All boats coming from Germany or from continental Europe are now being given special attention by customs searchers, as it is believed that large quantities of drugs move on regular freighters.

**VALIDITY OF DELAYED  
COVER CHARGE ISSUE**

COURT TO DECIDE WHETHER  
EARLY PATRON MAY  
EVADE PAYMENT

(SPECIAL DISPATCH)

NEW YORK, Nov. 11.—Magistrate Oberwager will decide in the Harlem Court on the 26th inst., whether a patron who comes into a restaurant before the hour fixed for a cover charge may be assessed such a charge if he remains after the hour it becomes effective.

Robert Lader, realty broker of the Bronx, raised the question in the West Side Court when he had August Janssen, Jr., manager of the Hofbrau House, 1854 Broadway, brought into court on a John Doe summons.

Mr. Lader testified he and a woman companion had been seated in the restaurant at 10:15 p.m. Their order, he said, was not taken until a half hour later. There was more delay, he continued, in serving the first course and they did not receive a check until almost one and three-quarter hours after they had entered the restaurant.

Then, he said, he saw the waiter \$10 in payment of a check for \$5.15 and received \$2.85 change, the waiter explaining \$3 additional was retained for the cover charge. Mr. Lader said he protested because the cover charge should not have gone into effect until 11 o'clock and refused to accept his change.

Magistrate Oberwager directed attorneys for both sides to submit briefs after Mr. Janssen testified the cover charge did not go into effect until 11 o'clock, and said he would decide the case when sitting in Harlem Court.

**NEW GOLF COURSE**

(SPECIAL DISPATCH)

HOLBROOK (Ariz.) Nov. 11.—The course of the new Holbrook Golf Club on the mesa north of the city is being put in shape by J. R. McElroy and already is being used by members. There is plenty of room, as the course on the north is bounded only by the farthest extent of the Painted Desert.

### HONOR POST FOR BELL OF DOOM

Old Vigilante's Signal For Hangings In Bay City Is Resurrected  
(BY A. P. NIGHT WIRE)  
SAN FRANCISCO, Nov. 12.—The old Port Gunnybags bell, used in the early fifties by the vigilantes to summon the populace to witness a hanging, is to be given a permanent place of honor in San Francisco. For years this historic relic of early California days has been accumulating dust in the basement of a Petaluma hardware store, but yesterday was turned over to the Chamber of Commerce by the Petaluma Baptist Church, where it hung for many years. The church purchased it from San Francisco in 1855.

### UNIVERSITY HONORS GO TO WAITER

Boy Working Way Through College Announced Winner of Scholarships

BERKELEY, Nov. 12.—Waiting on tables to pay for his college education, participating in student activities and capturing three scholarships in his freshman year at the University of California, Zachelle of Chowchilla, who is now attending the University of California, is a young man who has made a name for himself. A year ago Zachelle left his home in Madera county with barely enough money to pay for his railroad fare to the College of Agriculture branch at Davis Farm. Shortly after his enrollment he was awarded the Alpha Zeta trophy given each year by the agricultural honor society to the freshman who has attained the highest scholastic record throughout his high school course. Following his transfer to the Berkeley campus, the Chowchilla high school honor student paid for his entire college expenses by waiting on tables in a luncheonette. With the announcement of the annual scholarships it was revealed that Zachelle was the winner of three, a feat never before achieved by a freshman at the university, according to college of agriculture officials. The scholarships won by Zachelle are the David Lubin award, a Kraft freshman scholarship and a Loughbridge scholarship.

### DIAMOND IMPORTER ROBBED IN DAYLIGHT

(BY A. P. NIGHT WIRE)  
MINNEAPOLIS, Nov. 12.—Two men who followed their victim to the fifth floor of a downtown office building here robbed E. Kaufman, a diamond importer, of gems valued at \$40,000 in a daring daylight hold-up here today. The two men stepped from the elevator with Kaufman into the fifth floor corridor, which was deserted. Flourished weapons and compelled the diamond merchant to hand over a wallet containing the stones. After the robbery one of the men fled down the stairway, while the other commanded the elevator to the ground floor.

### AUTO MISHAP VICTIM DIES

(BY A. P. NIGHT WIRE)  
STOCKTON, Nov. 12.—Jacob Dudley Barringer, 20 years of age, died in a hospital at a night following an accident in which his truck overturned. His stepfather, C. H. Hule and another man riding on the truck were uninjured.

### STATE ACTS IN RECLUSE DEATH

Inquiry Begun When Estate Goes to Stranger

Nephew Has Body Exhumed in Wisconsin

Investigation Leads from Coast to Coast

(BY A. P. NIGHT WIRE)  
MADISON (Wis.), Nov. 12.—State officials by order of Gov. Blaine, today interested themselves in the death of Archibald McArthur, wealthy Dodgeville spiritualist and former prominent attorney, bank stockholder and publisher, whose organs are now being examined by Dr. C. H. Bunting, University of Wisconsin pathologist, at the request of heirs.

While the inquiry ordered by the Governor has as its primary object the possible collection of inheritance tax on the large estate left by the aged recluse, State officials must necessarily inquire into the affairs of McArthur prior to the time he drew his will, leaving the bulk of the estate to a stranger and disinheriting his relatives, who are now preparing to contest the will.

### ARTHUR PAYNE TO WED MRS. LOREE IN PARIS

(BY CABLE-EXCLUSIVE DISPATCH)  
PARIS, Nov. 12.—Mrs. Elizabeth Loree, who was divorced last month from James Taber Loree of Albany, N. Y., son of the president of the Delaware and Hudson Railway, will marry Arthur Payne of San Francisco, the 21st inst., at the Ritz. The couple met a year and a half ago when Mrs. Loree was visiting in Paris. Mr. Payne served as a volunteer in the French army, later joining the American Army when the United States entered the war.

### HUGE LIQUOR STORE ORDERED DESTROYED

(BY A. P. NIGHT WIRE)  
SAN FRANCISCO, Nov. 12.—The prohibition enforcement office today received orders for the destruction of \$50,000 worth of liquor and liquor-making apparatus stored in a Vallejo warehouse. Agents will begin the work of destruction tomorrow. Hundreds of gallons of whisky seized three years ago and more than a score of stills are included in the beverage and equipment to be destroyed.

### AGED EX-SLAVE DIES

(EXCLUSIVE DISPATCH)  
QUINCY (Ill.) Nov. 12.—Mrs. Martha Pepper, 87 years of age, colored, the oldest woman in the Illinois Soldiers and Sailors Home, died today. She was born in slavery in Maryland. She went to Clarksburg, Mo., when a little girl, was sold to negro traders and taken to Mississippi. The last time she was sold she brought \$100.

### DICKENS FOLK CAUSE OF ROW

Morals of Certain Characters in "David Copperfield" Bring on Warm Debate at Meeting of Councilmen in English Town of Yarmouth

(BY CABLE-EXCLUSIVE DISPATCH)  
LONDON, Nov. 12.—The morals of certain characters in Charles Dickens's novel, "David Copperfield," brought on a warm debate at a special meeting of the Yarmouth Town Council held to consider proposals to name several streets after immortal personalities in Dickens's book.

It was suggested that the names Dickens avenue, Copperfield avenue, Steerforth avenue, Peggotty Road and Barkis Road be given to certain Yarmouth highways, but Councilman Jack Salmon, who is described as "a breezy fish salesman" demanded to know just who Steerforth was. In the same breath he called Barkis "a silly old pup" and "a drunken rascal with a red nose."

Councilman Hill, a dignified old resident of Yarmouth, informed Mr. Salmon that he would find out about Steerforth in "David Copperfield" and added that, although Dickens knew his Yarmouth and immortalized it in his book, some people in the town did not seem to know the Dickens. Alderman Goode said Barkis was not a drunken character but an honest old carrier. Alderman Ferrier said that.

### CITY LIVING COST DATA COMPARED

Conference Board States Seattle and Detroit Are Expensive Localities

(EXCLUSIVE DISPATCH)  
NEW YORK, Nov. 12.—New York and Chicago are average, and not expensive cities in which to live, the National Industrial Conference Board reported yesterday, following a national study of comparative living costs. Taking the country as a whole for the 100 per cent standard, living costs in New York are 102.1 per cent.

### STRAY RIFLE BULLET WOUNDS SMALL BOY

(EXCLUSIVE DISPATCH)  
TUCSON (Ariz.) Nov. 12.—John Aldridge, 7 years of age, son of S. H. Aldridge, a local plumber, is suffering from a bullet wound through the body, piercing his left lung. The wound, evidently from the rifle of a distant hunter, was received while the child was standing beside the family automobile on the Wilmont Road, east of the

### GEORGE CERTAINLY IS MODEST

(BY CABLE AND ASSOCIATED PRESS)  
LONDON, Nov. 12.—George Bernard Shaw, invited by T. P. O'Connor to attend a nonpartisan dinner on November 20 in honor of Foreign Secretary Chamberlain, has made a characteristic reply. A postal card received by Mr. O'Connor reads: "No, really. The dinner should be to M.E. It was I who proposed a Locarno pact in 1913 and again on New Year's Day, 1914, when it might have prevented the war. What use is it now when all the mischief is done? However, it is greatly to Mr. Chamberlain's credit that he is only twelve years behind me instead of fifty."

### BROTHERS ARRESTED IN TREASURE FIND

(BY A. P. NIGHT WIRE)  
BARABOO (Wis.) Nov. 12.—A story of hidden treasure, connected with one of the most brutal slayings in Wisconsin's history, came to light today with the arrest of two brothers, Delbert and William Billa. They were arrested after Delbert attempted to cash coupons of two bonds owned by William, Julius and Mary Billa, who were beaten to death at their farm home the night of August 9, 1923. The Billa brothers denied any knowledge of the unsolved crime. They said they found a strongbox containing money and other valuables in a granary when they rented the Billa farm after the slaying.

## FRIDAY JINX TO BE DEFIED

Thirteenth Doesn't Matter to  
Engineers, who Plan  
Dance.

Ladders, broken mirrors,  
overturned salt-shakers and  
Friday the 13th were all to  
be defied by engineers of the  
University of Southern Cal-  
ifornia when students in the  
engineering department give  
a hard-times party tonight  
in the university basketball  
pavilion.

Flaunting hard-luck to-  
kens and wearing hard-time  
costumes, the Engineers'  
Club, with Boots Underme-  
n as president, will guide  
their guests through old-time  
and eccentric dances.

The grand march will be  
judged by professors from  
both the engineering depart-  
ment and the college of lib-  
eral arts.

## PAN-AMERICAN SHIP LINE SOLD

Munson Company Awarded  
Steamers on Bid

Vessels in Run from New  
York to South America

Moore & McCormack Make  
Protest at Procedure

(BY A. P. MERRY WIRE)  
WASHINGTON, Nov. 12.—The  
Pan-American Steamship Line,  
running from New York to the  
East Coast of South America, and  
regarded as one of the most val-  
uable services operated under the  
Fleet Corporation, was sold by the  
Shipping Board today to the Mun-  
son Steamship Line of New York.  
Its present operator, for \$4,104,-  
000.

The price is equivalent to \$1,026,-  
000 for each of the four vessels  
concerned, the Pan-America,  
Southern Cross, Western World and  
American Legion. The sale was  
awarded only after Moore and Mc-  
Cormack of New York, who had  
offered \$4,191,100, had withdrawn  
their bid and protested against the  
procedure at an open session of  
the board called to receive any  
further offers, either company  
might make.

It was the contention of Moore  
and McCormack that the board,  
two days ago had altered material-  
ly the terms of sale and that new  
competitive bids should be called  
for, giving opportunity to inspect  
the steamers from the standpoint  
of repair necessary to place them  
in first-class condition.

All members of the board, ex-  
cept Rear-Admiral W. D. Benson,  
retired, who objected to sale of  
the line with a guarantee of serv-  
ice for only five years, voted to  
accept the Munson bid. The con-  
tract of sale, carrying the custom-  
ary five-year maintenance guaran-  
tee, was immediately drawn up,  
the board agreeing to expend up  
to \$200,000 for repairs.

The first of the ships to be de-  
livered will be the American Leg-  
ion which will be taken over by  
the Munson interests the 13th inst.,  
after its arrival from South Amer-  
ica. The four vessels were built  
during the war at a cost of from  
\$4,000,000 to \$1,350,000, and the  
sale price compares with \$1,150,-  
000 each for the ships of the same  
type of the California-Orient Line  
out of San Francisco to the Far  
East, disposed of last summer to  
the Dollar interests. The latter,  
however, had been completely re-  
conditioned only a short time be-  
fore the sale, whereas no substan-  
tial overhauling has been done on  
the Pan-American ships for some  
time.

# Your Opportunity

—the opportunity of a lifetime is here! But  
you have no time to lose if you want the

# Encyclopaedia Britannica

[NEW FORM] at a Saving of 46%

SOONER than expected—so soon  
that thousands will be disap-  
pointed—this amazing sale of  
the famous Encyclopaedia Britan-  
nica, 46% saving in price, is ending.

If you are one of the great num-  
ber who have been counting on tak-  
ing advantage of this sale, then you  
must act at once. For there are very  
few sets left, and when they are  
gone this sale must stop. Therefore,  
tear out the coupon below and mail  
it now—today.

Last sets now selling  
Publication of the Encyclopaedia  
Britannica in the New Form at a  
price reduction of nearly one-half has  
proved an amazing success. It is im-  
possible for us to keep pace with the  
demand. As fast as orders come in  
we are shipping the very last sets that  
remain of a printing of 10,000 sets.

Why its popularity  
The reason for the overwhelming de-  
mand for this work is found in The  
Encyclopaedia Britannica itself.  
Here in these beautiful volumes, is  
contained all the knowledge of all the  
world. Here is history, romance, sci-  
ence, art, biography—to be read for  
the pleasure of reading, for the light  
it sheds on the past, for the help it  
gives in everyday living and in solving  
the problems of the present.

At a 46% saving  
Printed in large, readable type—profusely il-  
lustrated—beautifully bound—these few remaining  
sets are being sold at a sensational saving—by  
far the lowest price at which the large page,  
large type Britannica, complete and unabridged,  
has ever been offered to the public. With each  
set is included the handsome mahogany-finish  
bookcase, given FREE while this offer lasts.  
These sets are in the famous New Form, the  
latest, revised edition, containing 33,000 pages,  
15,600 illustrations and 49,000,000 words—as  
much material as contained in 476 books of  
average size.

Mail this Coupon  
TODAY

The FREE Booklet  
tells all about the Encyclopaedia Britannica in the  
New Form, reproduces a number of specimen pages  
(many in color), explains the easy terms of payment,  
and tells the fascinating story of how our experts made  
possible such an amazing reduction in price, 56 pages  
of interesting, instructive reading. Free on request if  
you mail the coupon promptly.

Read this letter  
from CHARLES M. SCHWAB  
Chairman, BRITANNICA STEEL CORPORATION

The publication of the Encyclopaedia Britan-  
nica in the "New Form" at such a low  
price is something much more important  
than any purely commercial undertaking  
could be. It is bringing the most important  
and authoritative work of its kind in the  
world within reach of those ambitious peo-  
ple of moderate means who need it most,  
the men who are raising themselves from  
the ranks to positions of responsibility. We  
have many thousand men in our mills and  
plants, and I wish a lot more of them would  
profit by the knowledge that is in the Britan-  
nica.

Yours very truly,  
C. M. Schwab.

All the world's knowledge  
can now be yours

There is no subject of interest to any man,  
woman or child that is not covered thoroughly  
and authoritatively in the Britannica. It con-  
tains all knowledge of all time—including the  
World War and the momentous years since;  
also the marvelous recent developments in all  
fields of activity, written in an easy narrative  
style that holds the reader's interest.

The Standard of  
the World

To-day the Britannica stands alone, as it has  
for 157 years, the standard of the world. States-  
men, scientists, judges, governments, as well as  
private individuals, recognize it everywhere as  
the final court of appeal. Its verdict in every  
dispute is accepted without question, because  
in this book you are given the plain, unbiased  
truth, the complete and authoritative facts, in  
every field of human knowledge.

The finest scholarship, the fruits of original  
thought and research, make the Britannica the  
very foundation of knowledge for intelligent  
people all over the world.

This offer may never  
be repeated

To-day, if you act promptly, you can obtain this  
wonderful work at a price within the reach of  
everybody.

Such an opportunity seldom occurs more than  
once in a lifetime. This offer may never be  
repeated. It is the greatest bargain we have  
ever been able to offer in 157 years. And that is

the reason, eager thousands jumped at the chance  
to buy the Britannica during this sale.

Small first payment

If you are one of those who have said, "Some  
day I will own the Britannica," now is your  
great opportunity. You do not have to invest  
an inconvenient sum. The first payment is  
small, and it saves for you one of these last re-  
maining sets and the free, mahogany-finish  
bookcase. You can pay the balance in small  
monthly amounts. Don't let the thought of cost  
delay you a minute.

Send the coupon at once

The coupon will bring you immediately an in-  
teresting booklet giving complete information  
about the Britannica. Probably all your life  
you have known, in a general way, what this  
famous work contains. But the booklet will  
show you, with pages taken from the Britannica  
itself, how wonderful it actually is. It will tell  
you how our experts have made possible such  
an amazing reduction in price. It will help you  
to decide instantly.

As our policy in this sale simply must be  
first come, first served, you have no time what-  
soever to lose. When the few sets left are gone,  
this sale—with its great offer of a 46% saving  
and free, mahogany-finish bookcase—must  
end. It may never be repeated. Send in the  
coupon. Act now, or it may be too late.

This Beautiful Bookcase Free!

This beautiful bookcase, in mahog-  
any finish, especially designed by  
Maple & Co. of London, will be  
given free with each set in the New  
Form while this offer lasts.

THE ENCYCLOPAEDIA BRITANNICA, Inc. LATS-68  
342 Madison Avenue, New York

Please send me complete information about the Encyclo-  
paedia Britannica in the New Form. Also send me the illus-  
trated 56-page Specimen Book, full details of your present  
low-price offer and your easy plan of small monthly payments.  
This does not obligate me in any way.

# A CHUCKLE FOR EVERYBODY

## LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs," consisting of the fifteen best jokes submitted by local people. Weekly prizes are paid of \$5, \$3, \$2, and \$1, and a list of the winners is given in the Times. Prize-winning jokes, and names and addresses of winners, appear only on the screen. Jokes receiving honorable mention will be given a place of honor on The Times comedy page each week-day, and each of these contributors will receive a certificate of acknowledgment.

"A woman is at the bottom of everything," muttered the farmer as he pulled his wife out of the well.  
W. G. Stogam, 2223 N. 2nd St., Long Beach.

Mrs. Jones: My husband went to church this morning.  
Mrs. Brown: My husband's Sunday paper didn't come either.  
Mrs. Pegg: 647 St. Paul Ave., City.

Anxious mother (to teacher): I'm afraid Johnny isn't trying enough.  
Teacher: You are quite wrong.

madam, I assure you, Johnny is the most trying boy I have.  
Photographer called to photograph housewife.  
Housewife: How did you know we had one?  
Mrs. J. P. Willis, 1208 Bates Ave., City.

"Why did you throw that big fish back in the water?"  
"Well, I didn't have any witnesses."  
William Andrew, 4148 Marathon Street, City.

"Yes, it was a terrible fire. One of the servants escaped down a water pipe."  
"How thin she must have been!"  
E. Scully, 1623 1/2 West Twenty-fourth Street, City.

"Were you asleep when you had your tonsils taken out?"  
"I don't know, but I was asleep when I woke up."  
Virginia Black, 591 Brett St., Inglewood.

## CORN HUSKERS CROWN KING

Marshall Picks Champion For National Title

(BY A. P. MORTIMER)

ASHLAND (Neb.) Nov. 12.—Roland Meyers of Fremont, Neb., won the national corn-husking contest at Barge, Ill., as Nebraska's representative. Joe Smith, Wabash, was second and Virgil Archer, 1924 champion, third.

The Secretary of the National Corn-Husking Contest, L. J. Taylor, master of the National Grange, on his annual address.

## PAVORS RAIL MERGER

The Grange resolution favors an amendment of all railroad laws into one system "under such supervision and control of the Interstate Commerce Commission as may be deemed necessary for the better management of the railroads."

"Competition no longer governs the making of rates or establishing of service by the railroads," the resolution states. "The public now is paying exorbitant rates made necessary largely by duplication of investment and services and advertising on the part of the railroads."

The resolution further states that the railroads are just as important to the economic life of America as our industrial centers and should receive a portion of the freight rate benefit enjoyed by the heavy traffic districts, to which they are contributing their quota.

G. W. Harrison, master of the California State Grange, introduced a resolution supporting the Federal Plant Quarantine Act of 1924.

## BACK PLANT EMBARGO

The resolution asks the Grange delegates to urge their congressional representatives to prevent the export of back plant from America as our industrial centers and should receive a portion of the freight rate benefit enjoyed by the heavy traffic districts, to which they are contributing their quota.

G. W. Harrison, master of the California State Grange, introduced a resolution supporting the Federal Plant Quarantine Act of 1924.

## YUKON JAKE AVENGED IN DAMAGE SUIT

Creator of North Country Bad Man Wins Verdict Against Mack Sennett

Yukon Jake, whose possibly promising career in the films was ruined by Ben Turpin, according to his creator, E. E. Paramore, Jr., of Carmel, had his revenge yesterday when Judge James of the United States District Court awarded Paramore \$125,000 damages against Mack Sennett for infringement of copyright of his poem, "Yukon Jake," and for spoiling Paramore's chance of making a scenario of his own, entitled "Yukon Jake, the Killer."

## Drunk Driver Not on Wrong Side of Street

ST. LOUIS, Nov. 12.—If you drive an automobile while intoxicated in St. Louis you may rest assured of one thing: If you get caught—you can not be fined for driving on the wrong side of the street, according to a ruling of Judge Gayler in reviewing appeal cases here.

Timothy J. Sullivan appealed fine of \$250 for driving while intoxicated, \$20 for having no lights, \$25 for failing to keep to the right side of the road, and \$25 for resisting arrest, totaling \$345. All fines were sustained except the one charging him with driving on the wrong side of the street. Judge Gayler held that the driver was responsible for driving there when intoxicated.

## DOG ENTERS SCHOOL ROOM, BITES PUPIL

NEW YORK, Nov. 12.—Work was in progress in Miss Rose Byham's classroom in public school No. 15, Williamsburg, shortly before noon, when a small dog suddenly entered the room, bit a pupil on the leg and ran out.

The one exception was Irving Machman, 13 years of age, who jumped up and went to the teacher's aid. The dog ran to him and bit him in the right hand. Police Officer John Clausen collared the animal.

## VALUABLE LEASE

BAKERFIELD, Nov. 12.—With an option to purchase in three years for \$200,000, H. C. Warwick of San Francisco has obtained the lease on the seven claims comprising the State Range Constructed Mine Company group, seven miles east of Tropic.

The announcement of the deal was made today by F. B. Lewis, secretary of the State Range Company, who states that Mr. Warwick, well-known San Francisco contractor, is operating as a private mining man, using his own capital.

## NEW STONE-FOREST FOUND

Geologists Make Marvelous Discovery in Big Bend Region Far From Railroad

(EXCLUSIVE DISPATCH)

MARATHON (Tex.) Nov. 12.—In a remote valley of the Big Bend region, nearly 100 miles from the nearest railroad, two geologists, Dr. C. O. Galther and Prof. S. I. Cade, have discovered what they pronounce to be the most marvelous petrified forest known to mankind. They found tree trunks that stand to a height of 100 to 150 feet, some of them measuring sixty feet in diameter, according to the reports which they made of their discovery.

Besides the standing petrified trunks of these plants of a prehistoric forest, there are many great trunks of the trees lying prostrate, and these are of a size, both in diameter and length, unparalleled in the world, the two men said. One tree trunk measured a length of 88 feet. So large are the upright trunks that they have the appearance from a distance of being great symmetrical columns of natural rock. The valley where the forest of ages and ages ago existed is difficult of access and perhaps has been visited by but few white persons. It is split by a deep arroyo which leads into the Rio Grande. The surface is covered by a thick layer of volcanic ash, and the petrified trunks are partly covered with ash.

## FRUIT AND VEGETABLE MEN MEET

Federal Plan to Expedite Distribution and Benefit Trade Approved

Adoption of a plan proposed by the United States Department of Agriculture to remove obstructions from channels of distribution and standardize practices of trade was favored by forty fruit and vegetable distributors at a meeting last night at the Blinnmore of the National Association of Fruit and Vegetable Distributors.

Co-operating with distributors, the Federal department proposes organization of a board of arbitrators of seven members, one from each of the seven departments of agriculture to adjust differences arising between shippers and receivers of produce.

W. A. Sherman, specialist of the government bureau, explained the value of such co-operation. J. R. Scanlon of the Pacific South West Bank told of the benefits of co-operation among distributors. W. R. Fitch, Southern Pacific freight claim agent, dealt with the angle of transportation, and W. T. Gerow, representing the fruit and vegetable distributors, spoke of the co-operative spirit and aid given distributors by the Federal Agricultural Department.

## SAYS ALL MAY SEE GHOSTS

(EXCLUSIVE DISPATCH)

CHICAGO, Nov. 12.—Seeing ghosts is not a product of fantastic imagination and the process requires no ringing of bells, burning of incense or other "propa," according to Prof. G. J. Rich, of the department of physiological chemistry at the University of Chicago. Prof. Rich recently conducted a series of experiments to substantiate theories advanced by Prof. J. F. Schwindler, University of Chicago, that the human eye can see a ghost if he goes about in the right way.

The subject must first enter a dark room, where, after a short time, he is confronted with a brilliant light which switches on and off in the course of one or two seconds.

Perhaps three-quarters of a minute after the light has been turned off and the room again plunged in darkness, an image of the lighted object which the observer may have seen in the light, will persist clearly with every effort of reality in his vision. In other words, he sees a ghostly counterpart of the real thing when the light has been put out and when the actual object has been removed. Passing a cemetery where the reflections on the tombstones of the dead are clearly visible, figures he has seen in the light of his previous experience.

## NOTICIAS MUNDIALES DE ULTIMA HORA

Atendiendo a la importancia que tiene el estudio del español en los Estados Unidos, particularmente en esta gran metrópoli tan inmediata a territorio hispanoamericano, diamante aparece en "The Times" esta sección española con algunas interesantes noticias de última hora. Tras de cada semana se insertará una sección de noticias de actualidad y de interés para los lectores de esta sección para estudiantes adelantados.

A quienes deseen aumentar sus conocimientos de español les conviene leer esta columna todos los días.

## NOTAS TELEGRAFICAS

Noticias de Washington

WASHINGTON, Noviembre 12.—Se llegó a un convenio en la cuestión de la deuda de Italia a este país.

El secretario Jardine ha defendido al negociado de información de la línea de vapores Panaméricana ha sido vendida a la Compañía de Mares.

Los diputados y senadores por el Estado de Iowa se han puesto de acuerdo sobre un programa para remediar a los agricultores. La señora Zachary Lansdowne presentó testimonio de desagrado en el consejo de guerra del coronel Mitchell.

Saló Libre el Doctor Blazer

LITTLETON (Colorado) Noviembre 12.—El doctor Harold E. Bush durante la semana pasada fue liberado de la prisión por el juez de distrito de este condado. El doctor Bush fue acusado de haber matado a su hijo, de 34, que era una imbecil mental conformada, a fin de no ser delatado por el asesinato de su hijo. El doctor Bush fue liberado por el juez de distrito de este condado.

## NOTAS LOCALES

Llega a Esta un Sacerdote Budista

Count Lord Abbott Sonyu Otani, dignatario supremo de la religión budista en el Japon, miembro de la nobleza japonesa, y hermano político del Emperador, llegó ayer mañana a esta ciudad, trayéndose un mensaje de buena voluntad y fraternidad, y un programa de misiones budistas en la zona de la frontera de la California y el Estado de Nevada.

La misión que trae el Conde Otani a los Estados Unidos, y que ha sido recibida en la zona de la frontera de la California y el Estado de Nevada, es la de visitar todas las iglesias que hacen función de misiones, estudiar las condiciones de las iglesias de este país, introducir los ideales espirituales y nacionales de Japon, y traer de vuelta a Japon, en un viaje de regreso, a los japoneses que residen en este país.

El Conde Otani fue recibido en la zona de la frontera de la California y el Estado de Nevada, por el gobernador de este estado, y por el gobernador de este estado.

## CRASH; BOY FINDS IT

(EXCLUSIVE DISPATCH)

PHOENIX, Nov. 12.—"Here's your ear, mister," was the cheery remark of a street gamin as he emerged from search of the wreckage of a car that had been driven by Paul Reese, a salesman, there had been collision with a truck at a city street intersection. Reese not only lost an ear, but about five square inches of skin and scalp making a permanent disfigurement.

## OI, GEWALT! SOTCH A BIZNESS!

Mrs. Glass Gifts Officer Fritz Wit Staring, Wot He Should Stop Her from Jaywalking, and Monty'll Maybe Haff to Lose Five Box, God Forbit!

By a "Times" Staff Correspondent

PASADENA, Nov. 12.—"She should pay—walk, Mawruss, and cost me maybe \$5, God forbid, and a good talking-to from the judge, besides, maybe."

This might or might not have been the comment of Mrs. Glass continued. This, she stepped from his throne and requested her to return to the car. Mrs. Glass, however, with a stare and continued. The officer says he had to declare her under arrest and suffer by depositing surety in order to win the argument.

The author of "Potash and Perimeter" came to her rescue with a \$5 bill late in the afternoon. The Glass home is 1383 Oak Knoll Drive.

Miss Mary Somers was the first, and so far is the only, person fined for violation of the new ordinance.

## CROP DATA DEFENDED BY JARDINE

Secretary of Agriculture Attacks Critics of Report System

(BY A. P. MORTIMER)

WASHINGTON, Nov. 12.—Secretary Jardine, in a letter today to Senator Pepper of Pennsylvania, declared despite criticisms, especially of the cotton reports, the crop reporting system of the United States is generally considered the most comprehensive and complete in the world.

The forecast for grains, hay, fruits, tobacco and potatoes, he said, have been favorably received by the trade as well as by producers, but that scarcely a single report cotton has escaped "criticism and attack from some quarters, although more time and greater care have been taken with the cotton reports than for any other crop."

Certain modifications in the time for reports were suggested by the Secretary, but he pointed out that the department was acting generally in compliance with legislation.

## YOUNG BEAR LASSOED BY RANCHMAN

Coloradoan Then Uses Pocket Knife in Finishing Bruin's Existence

(EXCLUSIVE DISPATCH)

NORWOOD (Colo.) Nov. 12.—Roping young bears is expected to become a popular pastime among the ranch hands employed along the Colorado-Utah line, following a recent experience of Alva R. Adams, Dry Creek Rancher.

Adams, a fine young peacocking bear through his ability with rope and finished the job with a pocket knife, carrying the dead bear home on the front of his saddle. In addition to getting a fine bear hide Adams was able to make a liberal distribution of the meat among his friends.

Adams was going back to his ranch when he came upon a neighbor's when he came upon four bears. Singling out one of the smaller ones, he immediately went into action with his rope, swinging it over the young bear, then tangling him in it until he could bring his sack-knife into play.

William McDonough, Cocheco stockman, also recently proved to be a "bear" with a knife. He had a 300-pound cinnamon bear with a bowie knife after crawling into its den.

McDonough while on a hunting trip with a party of friends started to hunt a bear. He crawled into the den before the rancher could bring his rifle into action. Efforts to get the bear out failed, and then McDonough crawled into the den armed with only a knife, bringing out the dead bear following his encounter.

## WIFE SAYS EFFORTS TO PLEASE FAIL

Seeks Divorce from Man She Says She Wed While Under Dope Influence

A courtship conducted with knockout drops did not lead to a happy marriage, Mrs. Crystal Duncan, known in the films as Nan Duncan, yesterday told Judge Summerfield. She was seeking a divorce from Henry A. Cato.

"It was in Oklahoma City in 1921," said Mrs. Cato. "Cato gave me some kind of a dope drink and the next thing I knew I woke up married. He said he was a good man, and tried to be a good man to me."

"But he started in speaking me and then he beat me. He was very quarrelsome all the time. Finally he told me to leave him. I wrote letters asking when he was coming back, but all the reply I got was: 'When are you going to get a divorce?'"

Judge Summerfield adjourned the case for Mrs. Cato to bring in corroborative evidence.

## DOG HAD HIS DAYS IN COURT

Brothers Patch Up Suit and High-Figure Talk of Canine Star Wanes

Peter the Great, canine cinema star, stopped baying at the moon last night, turned himself around three times in his luxurious kennel and lay down to the beat of his rest. He has enjoyed in a long time. For he is no longer a bone of contention for wrangling in his master's household.

Last June Alwynus Faust filed suit against his brother, Ed Faust, in which he charged his brother had demanded \$100 and either the return of the dog or \$50,000. The brothers patched up their differences and Ed Ed to go on litigation having been dropped, both Ed and Alwynus said last night.

Walter W. Giebel has been retained by Faust as his new business manager. Ed and Alwynus and Peter the Great are all living amicably again, they asserted.

## TILSON MAPS TAX PASSAGE

Seeks Co-operation of House Leaders

December 14 Tentatively Fixed as Date

## Subcommittee Works on Details of Bill

(BY A. P. MORTIMER)

WASHINGTON, Nov. 12.—United support of House leaders of the nonpartisan tax bill now being framed by the Ways and Means Committee will be sought by Representative Tilson, Connecticut, the new Republican floor leader, to assure early passage of the measure by that chamber.

If the committee, as expected, makes an unanimous report, Mr. Tilson said today he would consult with Representative Garrett of Tennessee, the Democratic leader, on a program for House consideration of the measure, which would assure action before Christmas.

Mr. Tilson has tentatively fixed December 14, a week after Congress convenes, as the date for taking up the bill in the House. No decision has been reached on the advisability of bringing it up under a rule restricting amendments.

Subcommittees of the Ways and Means Committee worked today on details of general measures already agreed upon by the committee. The new inheritance tax rates were not completed, though a tentative decision was reached to make no changes in present rates on estates amounting to \$40,000 or less.

## TREASURY PROPOSALS

(BY A. P. MORTIMER)

INDIANAPOLIS, Nov. 12.—The Federal Treasury's program for a 25-cent maximum income surtax rate and repeal of the inheritance taxes drew opposition here tonight from Senator Lenroot, Republican of Wisconsin. The House Ways and Means Committee, in drafting a new revenue bill, has approved the surtax proposal, but merely to reduce the inheritance taxes.

Speaking before the Credit Men's Association, Mr. Lenroot declared into action with his rope, swinging it over the young bear, then tangling him in it until he could bring his sack-knife into play.

William McDonough, Cocheco stockman, also recently proved to be a "bear" with a knife. He had a 300-pound cinnamon bear with a bowie knife after crawling into its den.

McDonough while on a hunting trip with a party of friends started to hunt a bear. He crawled into the den before the rancher could bring his rifle into action. Efforts to get the bear out failed, and then McDonough crawled into the den armed with only a knife, bringing out the dead bear following his encounter.

## HOW BIG A BANK DO YOU WANT NEAR YOU?

MANY localities in the Los Angeles Metropolitan District now enjoy, right at hand, a large metropolitan bank, with Capital and Surplus of \$11,325,000, and with resources of more than \$200,000,000.

It is a "Branch" of Security, but all the strength of the Bank is there, and every facility for which the bank can find a local demand.

If you want your Security branch to be a larger bank, with more lines of service, the way to get what you want is to increase the business of that Branch.

The consistent policy of Security is to furnish a local service always a little ahead of the demand. Increase the demand, and you will almost automatically increase the service.

## SECURITY BANK

Resources Over \$220,000,000

43 Locations at Important Business and Community Centers all in the Los Angeles Metropolitan Area.

## COME OUT TO LA JOYA LODGE

THANKSGIVING

Excellent Turkey Dinner \$1.00 at the Club House

Dancing in the evening. Music furnished by the "Billie" orchestra. The restaurant. Come early and see our model tables. Also some beautiful cable sets now offered for sale.

\$1.00

AND UP

Purchase price includes free water piped in your lot, part ownership in CLUB HOUSE (now building), nine-hole golf course, swimming pool, tennis court, etc., will be decided to let owners free and clear of encumbrances. Working on schedule. Good is progressing rapidly.

Drive out. Beyond Calver. Follow the Sign.

## BOND QUOTATIONS

Trading Broker  
(By A. P. MONT WIRE)

NEW YORK, Nov. 12.—Wall

street's confidence that the New York Federal Reserve Bank's recent discount rate would be maintained at 4 1/2 percent following announcement that the Bank of England's rate remained unchanged, exerted a tonic influence on bond trading today and prices moved briskly forward. Although the reserve bank directors did not meet until after the close of the market, the cheerful tone which pervaded the investment circles foreshadowed their favorable decision.

Foreign bonds were visibly strengthened by the satisfactory conclusions of the Italian debt-funding negotiations. Although French obligations were not directly affected, they were bought on the theory that the Italian agreement will stimulate another and more determined effort to effect settlement of France's war debt. A lively rally in Mexican government and railway issues followed the announcement that the modified debt agreement recently signed by Mexico and the United States by President Calles and his cabinet.

Railroad bonds gave the most convincing demonstration of group strength in the domestic list.

Among the leaders in today's upward movement were Union Pacific, Erie, Louisville and Nashville, Erie General, Denver and Rio Grande Western, Erie adjustment, and "Big Four" refunding.

Fresh strength was infused into the oil bonds by favorable dividend and earnings announcements from several of the large companies. Slightly higher prices for the points to a new high price for the year and closed with a net gain of 1 1/2.

## PRIZE BABIES SELECTED

Entries in Perfect Physique Contest Surprise Examiners With Splendid Showings

That beauty and health go hand in hand was demonstrated yesterday afternoon at the baby show in the Vernon Theater, Vernon and Vermont avenues, under the auspices of the women of the Vermont Business Association.

One hundred and twenty-seven babies crowded throughout the contest and kept on crowing their award major prizes or not. They crowded so lustily while Councilman E. E. Moore awarded the prizes that all his vocal powers were required in making himself heard through the well-filled auditorium.

Awards in all three classes were based entirely on perfect form of physique as determined under the State Board of Health tests. Physicians declare that a remarkable record has been made, four of the prize winners having rated at 119 per cent is the highest rating on record.

The 127 babies, accompanied by mothers and fathers, were entertained during the afternoon by children who in point of years were not far beyond the 3-year limit of the baby contest itself.

The prizes, donated by merchants of the Vermont-Vernon district, included everything from baby walkers and scooters to downy blankets and toys. Every baby present received a souvenir.

The prize-winning babies, each a beauty, though the contest was judged on physique alone, were as follows:

Class A, up to 1 year of age: First—Patricia Marjorie Page, 6015 Cimmaron street, 7 weeks old. Second—Billie Lois Dresser, 600% West Fifth street. Third—Billie Richard Best, 847 West Fortieth street.

Class B, 1 to 2 years: First—Jane Levison Miller, 1119 West Forty-first place, 32 months. Second—George Alva Steiner, 1235 Browning boulevard. Third—Eileen Bolts, 703 West Forty-seventh street.

Class C, 2 to 3 years: First—Arthur Hoff, 2 years and 8 months, 2973 Harvard boulevard. Second—Nancy Elizabeth Allen, 1254 West Fifth street. Third—Marjorie Jean Schmuck, 5527 South Normandie avenue.

**PLAN ARMISTICE PROGRAM**  
A special Armistice Day program will be put on today by the Los Angeles Exchange Club at its luncheon at the Biltmore. Several novel and patriotic events will feature the program, which will be in charge of Edwin Lester, George S. Greene, assistant cashier of the First National Bank of Los Angeles, president of the club, will preside. John Daggett, of KJL, The Times, also will participate and have with him the well-known "Little Boy Blue." There also will be a musical entertainment.

## GREAT FILM COMBINATION

### NEAR, FAIRBANKS ADMITS

#### Merger of Metro-Goldwyn and United Releasing Systems at Yes-or-No Stage

An amalgamation of the releasing systems of United Artists and Metro-Goldwyn probably will be agreed on here within a few days, it was admitted yesterday by Douglas Fairbanks, member of United Artists. He said the proposition now has reached the yes-or-no stage and a conference of interested parties has been called for Sunday.

Such a combine would involve millions of dollars and would swing the greatest number of stars in one organization, in the history of the motion-picture industry. It would exceed in importance even the recent alignment of Balaban & Katz with Famous Players-Lasky, with the attendant rumors that Famous and First National are now at a close understanding as a result of the deal.

Fairbanks said of the new proposed combine: "It is almost certain to go through. They have said what they wanted and we have said what we wanted. I believe the agreement can be reached, and within a few days."

**CONFERENCE HELD**  
During most of yesterday, Dennis O'Brien, attorney for Fairbanks and Mary Pickford, and Robert Hubs, attorney for Metro-Goldwyn, were in conference at the Fairbanks studio, it was learned. Another significant feature was the arrival here yesterday of Harry D. Buckley, personal and business representative of Fairbanks and Mary Pickford in New York, and Arthur Zeisler, New York press representative of the two. Dennis O'Brien, Fairbanks's attorney, has been here for some time.

The negotiations now in progress do not involve the theater end of the business, nor the production end, Fairbanks declared. He intimated that the theater situation might be considered later, however.

"It is our releasing systems we are talking about now," Fairbanks said. "United Artists has a fine international system of exchanges and Metro-Goldwyn have an especially good local one."

The proposed combine would be named the United Artist-Metro-Goldwyn release, Doug stated.

**"PRACTICAL STEP"**  
The announcement yesterday was more definite than that made exclusively in The Times Tuesday, by Joseph M. Schenck, who said he considered an amalgamation of the two companies a logical and practical step for the betterment of both organizations.

Some kind of alignment of this nature has been predicted as inevitable for some time by Hollywood observers, who pointed out that it is the only way United Artists and Metro-Goldwyn-Mayer will be able to meet the formidable organization now operated by Famous Players-Lasky.

Under the plan, if it goes over, the United Artist-Metro-Goldwyn-Mayer combine will control the pictures of Douglas Fairbanks, Mary Pickford, Norma Talmadge, Constantine Talmadge, Buckle Kenton, Rudolph Valentino, Charlie Chaplin, Gloria Swanson, Thomas Meighan (Meighan is coming out to play opposite Norma Talmadge), Ronald Colman and Vilma Banky (through Sam Goldwyn.) Jack Gilbert, Norma Shearer, Lew Cody, Adolf Menjou and Harold Lloyd, who is said to have a picture-outlet agreement with Famous Players-Lasky, are the other contenders.

With First National are Colleen Moore, Harry Langdon and Corinne Griffith.

With Cecil B. De Mille are Jettie Roca, Leatrice Joy and Rod La Rocque.

Universal, Warner Brothers and William Fox are the other contenders.

It is freely admitted by film men, however, that the theaters are fully as important as the stars and that there is a gigantic battle ahead for control with Famous Players-Lasky and associates in the lead.

**BATTLE FOR THEATERS**  
With Famous Players-Lasky in the front rank are Pola Negri, Adolf Menjou and Harold Lloyd, who is said to have a picture-outlet agreement with Famous Players-Lasky.

With First National are Colleen Moore, Harry Langdon and Corinne Griffith.

With Cecil B. De Mille are Jettie Roca, Leatrice Joy and Rod La Rocque.

Universal, Warner Brothers and William Fox are the other contenders.

It is freely admitted by film men, however, that the theaters are fully as important as the stars and that there is a gigantic battle ahead for control with Famous Players-Lasky and associates in the lead.

## BRINGS GOOD WILL FROM OVERSEAS

### Count Lord Abbott Sonyu Otani

#### Emperor's Brother-in-Law Here

Count Lord Abbott Sonyu Otani (above) and (below) altar in new temple with Count Otani at its side.

Count Lord Abbott Sonyu Otani (above) and (below) altar in new temple with Count Otani at its side.

Bringing a message of good will and brotherhood and urging a better relationship between Japan and America as a guarantee to world peace, Count Lord Abbott Sonyu Otani, highest dignitary of the Buddhist religion in Japan, a member of Japanese nobility and brother-in-law of the Emperor, yesterday morning arrived in Los Angeles.

He was greeted at Central Station quietly but impressively by more than 500 Japanese and hundreds more paid their respects to the high priest when he was taken to the new \$250,000 Hongwanji Buddhist Temple at East First street and Central avenue.

Count Otani's mission to America, which is the realization of a long-cherished ambition, is to visit all the churches in the mission field to study the religious and social conditions in this country, to introduce the spiritual and national ideals of the Japanese, and, finally, to pay his respects to President Coolidge to deliver to this country's highest official a message of friendship from the Buddhist.

The visiting dignitary was royally entertained and feted by the Los Angeles priests, and yesterday afternoon took part in the impressive dedication ceremonies of the temple, just recently completed.

Count Otani's home is at Kyoto, Japan, the center of the Shin sect, the largest denomination of fifty-five Buddhist schools, which has 10,000 churches and 6,000,000 followers. The local temple is the largest in America, was founded in 1915 and now has 300 members.

"I wish to say that the peace of the world, to a great degree, hinges upon the relation of these two countries, America and Japan," said Count Otani in an interview yesterday at the temple, given through an interpreter. "It is hence my earnest desire that the new existing good feeling between the two countries may remain ever undisturbed."

"Japan has a history and civilization of her own and her ideals are different from those of the West," he said.

## RECORDS MADE IN CITRUS CROP

### Return of \$93,581,263 to Growers for Year

#### Shortage in Yield More Than Offset by Quality

#### Exchange Shows it Handled 75.4 Per Cent

What the 1924-25 citrus crop of California lacked in quantity compared to previous years, it more than offset in value. Figures compiled by the California Fruit Growers' Exchange and made public yesterday by its general manager, E. O. Desell, show all records in the history of the industry toppled before the \$93,581,263 returned to California for the year ended October 31, last.

A severe freeze which visited the orchards as a Christmas gift last year cut down the quantity, but the delivered value of the crop, Mr. Desell's report shows, was \$122,245,623, including \$28,644,360 for freight and refrigeration.

Two of last year's orchards were returned to their positions at the

election yesterday afternoon, C. C. Teague of Santa Paula being re-elected president and J. S. Edwards of Redlands being reelected as second vice-president. W. H. Sprott of Tulare was elected first vice-president. Teague also is president of the California Walnut Growers' Association.

The total orange and grapefruit supply has increased 31 per cent compared with 1922-23, when the volume was \$59,600,114 the preceding year.

In a normal crop year California now supplies 60 per cent of the oranges, 40 per cent of the grapefruit and 75 to 85 per cent of the lemons used in the United States and Canada.

**GREAT INCREASE**  
The exchange handled 75.4 per cent of the total crop of the year just ended or \$7,268 carloads. This returned to California \$70,238,597 compared with \$56,600,114 the preceding year.

The exchange volume was 16 per cent less than that of last year and the returns f.o.b. cars California, 39 per cent more. Figured back to the tree, returns to the growers were more than 75 per cent greater than those of last year, the report stated.

"The returns last year were not satisfactory," said Mr. Desell, "but comparing results with those of 1922-23, when the volume was practically the same and the returns normal, the returns f.o.b. cars California were 27 per cent greater and for the fruit on the tree 41 per cent greater this year."

The continued drop in trade and consumers was maintained throughout the year as to the quality of California citrus fruit, and the supply was so distributed as to create confidence in the minds of the trade in the values placed thereon.

(Continued on Page 3, Column 5)

**PEACE IN RELIGION**  
I. Matsuda, president of the Los Angeles Japanese Association, in an address in English, struck the keynote of the ceremonies when he declared that religion is the center of harmony and peace between nations and that through religion world peace will be accomplished.

Count Otani's home is at Kyoto, Japan, the center of the Shin sect, the largest denomination of fifty-five Buddhist schools, which has 10,000 churches and 6,000,000 followers. The local temple is the largest in America, was founded in 1915 and now has 300 members.

## The Lancer

### Harry Carr

#### IMITTY BUCHOWETZKI is a clever fellow.

He has been vivisectioning the soul of the American people. He has taken the works apart to see what makes us tick.

As a foreign motion-picture producer it was vitally necessary for him to find out the tastes, the prejudices, the loves and hates of the American public; and this is the conclusion to which he has come:

**A DORABLE YOUTH**  
We are interested only in youth; will listen to no story that concerns an old man or an old woman.

Drab realism is out. No taste for Gorkis and Zolas here. If life is really dirty and drear and sorrowful—we don't want to know about it.

No compromise. The continental European likes stories and people of whom you say: "Yes, she is bad; and yet, she is good." American taste demands stories that are either black or white—yes or no; preferably yes.

Lastly, we do not want stories about bad women.

**THE WOMEN WE LOVE**  
These are the women the American public wants to hear about:

The sweet, innocent girl with the young lover.

The aristocratic, correct woman of society.

The tough, aggressive, independent, "fresh" gun-chewing working girl. But she must be virtuous and good.

If a bad woman comes into a story she's got to be bad from cover to cover. She can reform if she wants to; but she must not marry the nice young man.

**MARRIAGE BELLS**  
Most of all, the American public will not stand for any story or theme that monkeys with the validity of the marriage relation.

Perhaps the characteristic story of modern Europe is the triangle love where the woman has both a husband and a lover.

Being young and innocent, we don't want to hear anything about sordid ladies who maintain harems.

**BED-TIME STORIES**  
"At first, this all seems bewildering to a European and sophisticated mind," says Buchowetzki.

"It seems as though you were dealing with grown-up children who want bed-time stories, who still believe in fairy princes and fairy godmothers."

**THE BRIGHT FLAME**  
"But finally the larger significance dawns upon you."

"You see that this hope and optimism are the strength and force and power of America."

"Sophistication is the acknowledgment of defeat; the recognition that life is stronger than you."

"The same bright flame that makes the American movie audience insist upon good women and happy endings and happy-ever-after marriages is the unconquerable hope, the unquenchable fire that sent the knights in armor on the quest of the Holy Grail and saved Columbus out on the unknown seas."

**OKLAHOMANS MEET MONDAY**  
President D. C. Hendricks is announcing the Oklahoma social for Monday evening in the Veterans' Hall, 244 South Hill street. This will be an anniversary rally, and all Oklahomans will be welcome. Dancing will follow the program.

**CITY'S PROSPERITY SHOWN**  
Continuous Growth in Population Evidenced by 44,000 Building Permits in Ten Months

Reflecting the general prosperity and indicative of the continuous increase in population, 44,000 building permits were issued in Los Angeles during the first ten months of the year, according to a compilation made yesterday by the southern chapter of the Associated General Contractors.

The growth of Los Angeles as a factory center is shown by the compilation. Two hundred and fifty-three permits with a valuation of \$2,105,539 were issued for industrial plants; sixty permits for structures valued at \$1,035,323 and 130 permits for warehouses, cost reported at \$2,929,507.

Nine offices building permits were issued, valued at \$4,935,809 and there were 105 permits issued for mercantile structures valued at \$2,444,522.

Permits for eight theaters show a valuation of \$693,725. An important means of determining population increases is by a study of new school structures. Permits for 103 new educational units were issued with a total valuation of \$2,444,522.

## RISKS LIFE TO RESCUE WORKMAN

### Espee Electrician Takes Unconscious Fellow-Worker from High-Power Line

Offering his life and narrowly escaping death in the heroic rescue of a fellow-worker, Walter M. Williams, 32 years of age, is being hailed as a hero by hundreds of employees of the Los Angeles general shop of the Southern Pacific Railroad Company.

Williams, electrician of the signal department, saved the life of a fellow-worker, pulled his body from the high-voltage wire power could be shut off. Exhausted, Williams fell to the ground, the unconscious form of Whittington being held to the pole by his safety belt. Several cables broke the fall of Williams and probably saved his life.

At the company emergency hospital Williams reached the emergency hospital with painful burns on his face and left arm. Williams was taken to the Santa Fe Hospital with painful burns on his face and left arm. Williams was taken to the Santa Fe Hospital with painful burns on his face and left arm.

Williams was taken to the Santa Fe Hospital with painful burns on his face and left arm. Williams was taken to the Santa Fe Hospital with painful burns on his face and left arm.

## Ben Turpin Goes Under Knife at Santa Barbara

### Ben Turpin, film comedian, was operated on in the Cottage Hospital at Santa Barbara for appendicitis.

Ben Turpin, film comedian, was operated on in the Cottage Hospital at Santa Barbara for appendicitis. He was taken to the hospital last evening. He is reported resting well and not in a dangerous condition. Dr. Benjamin Baker and Irving Willis announced that the operation was successful.

Turpin was on route to Hollywood from San Francisco by automobile when he was seized with the attack Wednesday night. He went immediately to the Santa Barbara clinic and was rushed to the hospital. His sister, Mrs. Knorr, was with him.

Turpin was with him in Hollywood October 2, last, after a lingering illness during which her husband gave up his work at the studios that he might devote all his time to her care.

**TODAY'S BIBLE TEXT**  
"For as the body without spirit is dead, so faith without works is dead also."—JAMES II, 26.

ELECTRIC RAIL  
MEN ASSEMBLEService and Safety Main  
Topic of SpeakersPaving Between Tracks Held  
Horse Car RelicCourtesy to Public Stressed  
Upon Delegates

Improvement of service and promotion of safety were the topics chiefly emphasized by speakers who addressed the semiannual convention of the California Electric Railway Association at its opening session at the Alexandria yesterday.

The convention, which will close this afternoon, is attended by delegates from all parts of the State, representing every local and interurban system in California. It is being conducted under the chairmanship of W. V. Hill, the manager of the association.

The purpose of the meeting was outlined by Chairman Hill, who made the opening address, pointing out the principal problems confronting electric railway systems today, particularly the reduction in patronage as a result of the automobile.

WOULD AVOID PAVING  
Among the objects for which the association is working today, Mr. Hill referred briefly to the efforts being made to obtain relief from the obligation of paving between the car tracks, which now rests upon the street railways in most cities.

"This obligation is a remnant of the days of the ancient horse-car, when the street-car company was required to repair the damage to the paving resulting from the tramping of the horse's hoofs," said the speaker.

"Methods in transportation are constantly advancing and it's up to the electric roads to keep up with the procession, even to the extent of furnishing airplane service if necessary," asserted Mr. Hill.

THE future progress of this line of transportation depends upon the service coupled with safety that it can offer the public," said Mr. Lowe. "In addition to the adequacy of equipment necessary for this achievement, there is the human element, the efficiency and courtesy of the men engaged in the operation of the trains and the conductors."

This idea was dealt with in more detail by J. G. Jeffery, director of public relations of the Los Angeles Railway.

"To improve service it's up to the electric railway companies to man their trains with the highest type of men procurable for that line of work," said Mr. Jeffery.

The subject of the encroachment of the automobile was discussed in detail by W. H. Evans, electrical engineer of the Sacramento Northern Railway Company. "While it is true that the automobile has reduced the business of the electric railway lines, it is also true that the peak has been passed in this form of curtailment of business, and that many persons who own cars have returned to the safety and convenience of the street car or the interurban in traveling to and from their places of business," said Mr. Evans.

A banquet was attended by the delegates at the Alexandria last night. No set program had been prepared for this occasion, which had been arranged primarily for the purpose of permitting the delegates to become acquainted with one another.

ACCOUNTANTS TAKE TESTS  
The California State Board of Accountancy will hold examinations at the Y.M.C.A. Building for certified public accountants today. The examinations cover auditing, commercial law and the theory and practice of accountancy. Sixty-five candidates are sitting and the sessions are in charge of H. H. Thomas and Reynolds. B. Blight, members of the State board.

IMAGINATION WORKER IN  
IS BLAMED IN FILMS GETS  
POISON CASE NEW HONOR

Girl Tells School Friends  
Tale of Facing Life on  
City Streets

A too-vivid imagination is blamed for the suicidal attempt yesterday of 14-year-old Helen McNary, student at the Watts High School, who lives at 2803 Iowa street, Magnolia Park.

For some time, according to the investigation conducted by Deputy Sheriff Rohn and Burke, Helen had been telling her school friends what a hard time she has had. The climax to the story of her misfortunes came when she declared that the people she was living with could keep her no longer, and she had no place to go except out on the streets.

Her schoolmates determined to see if something couldn't be done for Helen. They went to her address and to the astonishment of her sister, Mrs. E. H. Litchfield, with whom she makes her home, recounted what the girl had told.

When Helen came in Mrs. Litchfield reproached her for telling such wild stories. Helen went into the bathroom and drank poison. She was taken to the Suburban Hospital and will recover.

Nathan Schiller, a caterer, yesterday was held to answer by Judge Archibald of Juvenile Court on a charge of contributing to the delinquency of a minor.

The charge was preferred against Schiller as the aftermath to an asserted hula-hula dance staged for amusement of guests at a "smoker" in a hall at Washington Boulevard and Oak street. Schiller, who had contracted to furnish the guests with "hot dogs," was said to have permitted a 14-year-old boy in his employ to witness the asserted dance.

Attorneys for Schiller contended the dance was proper, while Deputy Dist. Atty. Florence Woodhead argued it was not fitting entertainment for a minor, and Judge Archibald decided to let a jury pass on the merits of the performance.

Hot-Dog Caterer  
Held to Trial in  
Hula Hula Show

The dedication ceremony attended by more than 1000 Japanese was featured by addresses by Yoshitaro Hira, president of the temple; Y. Tanimoto, Mrs. A. Otsu Memorial Society to accord her memory its due.

The society caused twelve bells to be cast of bronze, given with appropriate inscriptions selected from her writings by her husband, Gen. Harrison Gray Otsu, and had the bells hung in the belfry of the chapel in the cemetery.

Some years ago the timber supporting the belfry was decayed and it was impossible to ring and the melody was stilled. The new tower is of time-enduring, steel-reinforced concrete and was built especially for them.

The chimes will be played on occasions throughout the years to come.

Canines to Vie  
for Trophies  
at Hollywood

Dogs that earn their keep and some time that of their masters, and dogs that lead the lives of the idle and pampered rich will clash for honors at the Ladies' Co-operative Kennel Club show Sunday on Sunset Boulevard, opposite the Hollywood Athletic Club. A long list of trophies and medals will be distributed among the winning canines.

Lee Duncan will judge the shepherd breeds in the show, H. Hamer will judge the dachshunds and Doberman pinschers, W. H. Knox, the cocker spaniels and A. Praeger the setters and pointers.

The show is expected to attract the greatest number of canine aristocrats ever seen in the film capital.

Count Otani expressed his desire to extend through the columns of The Times a message to the American people.

Count Otani will remain here through the day of the visit of Bishop R. H. McMane of San Francisco and Rev. Toyoda of Santa Barbara accompanied him to Los Angeles yesterday from Santa Barbara. He was greeted by Rev. Chosui Ike of the local temple, and other prominent Japanese.

The dedication ceremony attended by more than 1000 Japanese was featured by addresses by Yoshitaro Hira, president of the temple; Y. Tanimoto, Mrs. A. Otsu Memorial Society to accord her memory its due.

The society caused twelve bells to be cast of bronze, given with appropriate inscriptions selected from her writings by her husband, Gen. Harrison Gray Otsu, and had the bells hung in the belfry of the chapel in the cemetery.

Some years ago the timber supporting the belfry was decayed and it was impossible to ring and the melody was stilled. The new tower is of time-enduring, steel-reinforced concrete and was built especially for them.

The chimes will be played on occasions throughout the years to come.

CHEST PASSES  
MILLION MARK

(Continued from First Page)

did showing to date," said R. W. Pridham, Chest president, last night. "We are enthusiastic over the prospect of reaching the goal, but it will take the earnest and untiring efforts of all Los Angeles citizens to put the campaign over the top. We are in the midst of the most trying days of the appeal and if we can make a strong showing within the next forty-eight hours the appeal will be a success."

"Col. Mrs. H. J. Eraly presided as guest chairman of yesterday's luncheon meeting. Once again hundreds of workers gathered in the banquet hall at the Chamber of Commerce to turn in reports of the past twenty-four hours.

RABBI MAGNIN SPEAKS  
"This task of fund collecting is not a pleasant one," declared Rabbi Edgar F. Magnin, guest speaker. "It is a hard one, I want to take this opportunity to extend to you workers my sincerest appreciation and congratulations."

"This army of mercy" coming the city for funds represents the aristocracy of the city, people whose aristocratic spirit has placed them above all other aristocracies of class or culture or education.

"They are not only soliciting help for the poor, they are making the spirit of Americanism predominate. This movement is another experiment in American democracy. Before America can convert the world in peace, it must learn to have peace within its borders. It may have a million plans for universal peace, but never until every individual has felt the spirit of love, love for his neighbor, can this come to pass."

Under the direction of Mrs. E. R. Collins, entertainment was furnished through the courtesy of Harry Singer of the Orpheum Theatre. Herb Wiedoff's orchestra, Kathleen Clifford and her band, Joseph Regan and Alberta Curless composed the program. Ushers from Los Angeles and the Metropolitan Police took charge of seating the workers.

Employees of firms continue to make donations. Twenty-eight subscriptions, most of them exceeding their quotas. The Earle C. Anthony Company with a quota of \$1500, gave a \$2000. American Mortgage Company subscribed \$300, its quota having been \$150. The Halman Hardware Company went \$175 over its quota of \$100.

The army of 14,000 workers is collecting funds to aid in maintaining the city's charitable and welfare institutions. These workers are citizens for their maintenance.

All workers are participating in the campaign entirely without remuneration. It is the largest social service organization in the United States. Hundreds of workers gather each noon for report luncheon, not only here but in Hollywood, San Pedro, Wilmington and Huntington Park. As was the case last year, all workers are paying for their luncheon.

CITY MAY JOIN  
COUNTY ON DAM

(Continued from First Page)

might be received in excess of current needs from time to time. In addition to this year-around capacity, the city could have the use of varying proportions of the flood control storage capacity during the dry season, under an agreement which would require that the flood control district's share be valued in ample time to handle the run-off of fall and winter rains. This would be in the season during which the city's needs would be greatest.

The Puddington Canyon site is well adapted to the city's requirements, its elevation is such that both could receive water from the Colorado aqueduct, and discharge by gravity into all existing city reservoirs except the San Fernando.

Mr. Mulholland said that inasmuch as the county is required to provide as fast as possible with the construction of the Puddington reservoir the city must, in the proposition within the near future if it is going to go in at all, and assume, of course, that the Colorado River aqueduct is going to go through.

Until the plans are gone into with some detail, it will be impossible, he said, to say how much of a saving will be effected by the joint construction of the project.

OTIS MEMORIAL  
CHIMES RUNG

(Continued from First Page)

grace and charm was added literary ability, as her poems attest. "When she passed away her host of friends organized the Otis Memorial Society to accord her memory its due."

The society caused twelve bells to be cast of bronze, given with appropriate inscriptions selected from her writings by her husband, Gen. Harrison Gray Otsu, and had the bells hung in the belfry of the chapel in the cemetery.

Some years ago the timber supporting the belfry was decayed and it was impossible to ring and the melody was stilled. The new tower is of time-enduring, steel-reinforced concrete and was built especially for them.

The chimes will be played on occasions throughout the years to come.

RECORDS MADE  
IN CITRUS CROP

(Continued from First Page)

STABLE MARKET  
The greatest factor contributing to this, he said, was the more even movement and intelligent distribution of the fruit during this period, avoiding a surplus supply, allowing the fruit to go into consumption promptly, and maintaining a stable market on which the trade could buy safely and freely and devote maximum effort to sales and distribution.

Referring to the frost damage he said it was more evenly distributed than in most freeze years and the increased prices more equally shared by the different districts.

"Consequently, most growers enjoyed a satisfactory year, despite the frost damage," he declared. "Orchard heating contributed largely to this, as the sections most susceptible to damage are now more generally protected by orchard heaters, which have been demonstrated during recent years to be effective in protecting the crop under California frost conditions."

Favorable conditions obtained for an ample crop of lemons this past season, the total lemon shipments from California amounted to 10,561 carloads. Shipments show that with even adverse conditions of weather, California will produce sufficient lemons to care for any normal demand in the United States and Canada.

USE INCREASES  
"The general use of lemons is increasing, due to the cumulative effect of exchange advertising," says the report. During the season 19,177 (400 box) carloads of lemons were shipped through the exchange. The by-product plants handled an equivalent of 1200 cars of unmarketable lemons, from which 800,000 pounds of citric acid and 40,000 pounds of other by-products were produced.

Expressed in terms of boxes, exchange shipments equaled 11,927,119 (400 box) carloads and 4,176,677 of lemons. Results on the grapefruit crop are the highest that have been received in the past six years.

Forty-five thousand dealers were visited personally this season by order service. Twenty-eight thousand Sunkist and Red Ball sales windows were installed, 10,000 calls were made on Sunkist tractor owners in the interest of stimulating the sale of orangeade and lemonade at soda fountains and in the home.

NEW MARKET  
The electric juicer tractor perfected in 1925 is responsible for a new market for fruit. With the addition of 7000 machines this season the total is 27,600. These tractors are directly responsible for a consumption of 1,350,000 lbs. of citrus fruit this season, representing new business of approximately 3400 carloads, it is estimated.

In obtaining supplies for members, the Fruit Growers' Supply Company transacted in the year ended October 31, last, a business amounting to \$8,848,474, of which \$6,941,445 represents purchases for members.

"The volume of the supply company's purchases and its financial responsibility have continued to receive favorable recognition on the part of manufacturers and other connections with whom it maintains trade relations," Mr. Desell said. "Packing-house supplies, consisting principally of shooks, nails, tissue wraps and labels, were bought to advantage."

New Santa Fe  
Running Time  
Hastens Mails

In addition to providing improved passenger service, the new Santa Fe schedule effective the 29th inst, will give much better mail service between Los Angeles and New York City, H. R. Brashear, traffic manager of the Chamber of Commerce, announced yesterday.

Formerly it has been necessary to leave letters for first morning delivery in New York four days later in the Arcade postoffice here prior to 4:45 p.m. Under the new schedule this time has been extended to 10:45 a.m., Brashear said.

The plans for the bettered mail service were worked out between Postmaster O'Brien and Santa Fe officials, Brashear said.

GROVER SHOES ARE

# Bullock's Closes at One o'Clock Saturdays

## Saturday, Lined Corduroy Robes \$5.85

Mid-winter  
fashions signed Barbara Lee!

Saturday morning's pre-showing is a midwinter collection of infinite variety. From the wearable tailored dress of wool and the day-long dress of soft satin—to the formal evening model! A collection that includes new tied-on effects, new godet and flared treatments, interesting versions of the decorated sleeve. A collection that presents the evening mode in its metallic smartness, its brilliance of rhinestones and crystal beading.

And, as always, the price is \$39.50. In sizes for misses, 14, 16 and 18. And for women, 34 to 44.

The Fashion Sections—BULLOCK'S—Third Floor

### Saturday Morning (Not Today) 100 Porto Rican Gowns, \$1.45

A Saturday morning special from Bullock's Lingerie Section. 100 of those dainty, hand-made Porto Rican Gowns. In white—all hand-embroidered. Kimono sleeve style. Surely unusual at \$1.45.

Lingerie Section, Bullock's Fourth Floor

### Saturday Morning Benches \$10.75! Of Solid Mahogany

Another shipment of these handsome fireside benches! Received for eventful November at Bullock's.

Top covered with attractive tapestry. These benches are well made with good proportions—40 inches long, 15 inches wide, and 18 inches high. A popular gift at this feature price—\$10.75.

Furniture, Bullock's Seventh Floor

### For Saturday Morning Fibre Rockers \$18.75

Specially Priced for Gifts

A high back rocker like this makes a comfortable extra chair for any room in the house. Well made with loose Marshall spring cushion over spring seat.

Good-looking tapestry upholstery. Fibre decorated in mahogany and gold colors. 50 of these gift chairs featured Saturday morning, \$18.75.

Fibre Furniture, Bullock's Sixth Floor

### Gift Shopping Saturday Morning At Bullock's

A PAGE of specials including many gift items. Making especially significant during this gift-shopping season, the slogan "One o'Clock Saturdays"—at Bullock's.

### For Saturday, Week-End Chocolates, 50c

Do you dash down the street on Saturday breathlessly seeking some candy shop for your week-end candy? Without time to consider the price or the quality? You should shop for candy at Bullock's before one o'clock Saturday! Because Bullock's has a candy special every Saturday. This Saturday morning—a delicious, varied box of chocolates—50c!

Candy, Bullock's Street Floor.

### For Saturday Satin Girdles Special, \$3.50

For the boarding school or college girl, these girdles are so effective to achieve the trim lines that winter fashions demand.

Of fine Skinner's satin with one-piece elastic at the side and a small elastic gusset at the bottom in front for comfort. Lightly boned. Six firm hose supporters. Sizes 26 to 30, Saturday morning (not today) \$3.50.

New Gift Sets of Bandette Brassieres and Girdle Arrive for Saturday—\$3.75 set. Attractively boxed for Christmas. The tiny brassiere and girdle of Rayon.

Corset Section, Bullock's Fourth Floor.

### For Saturday Nut Bowls at \$1.25, Gifts!

Featuring a special price on these good-looking 7 inch nut bowls. Made in Japan.

Bowl is finished in gleaming dark brown, decorated with bright red, green, and gold colored flowers. Handle is metal tipped.

Art Gift Section, Bullock's Second Floor.

USE BULLOCK'S HILL STREET ELEVATORS

### Colored Striped Handkerchiefs Linen, 15c For Saturday

An eventful November—a time to replenish supplies of every-day handkerchiefs. A fine quality of linen makes these good-looking Handkerchiefs. They are white with attractively colored striped borders. Priced unusually at 15c each.

Women's Handkerchiefs, Bullock's Street Floor.

### Saturday Morning Presenting the New Hats by Elene, \$15

Bullock's intended to introduce this new group of Elene Hats Monday, but because Saturday Morning calls for special features, it was decided to have a pre-showing and sale from nine till one o'clock closing.

The new large felt—an interesting copy of Maria Guy's smart hat is sketched—little felts in the new soft pearl tints. Satins and bengalines that give the first hint of spring. Altogether an especially interesting issue. At Bullock's exclusively in Los Angeles. \$15.00.

Millinery Fashion Section—Bullock's Third Floor

### Saturday Morning, These Linen Bridge Sets, \$1.25

Featuring a special four-hour selling of these novelty gift sets. Made durably of flax yarn free from any kind of mixture. Checks! Plaids! Service sets—36 inch cloth and four matching napkins. Low-priced, \$1.25 the set.

Linen Room—Bullock's Second Floor

ENTERTAINS AT COUNTRY CLUB  
Bridge Features Afternoon Affair

(Murillo Photo for Western Press Service)  
Mrs. Thomas K. Case

ONE of the charming hostesses of recent date was Mrs. Thomas K. Case, who entertained a group of friends at a bridge party at the Country Club yesterday afternoon. The affair was given in honor of the late Mrs. Case, who died recently. The party was held in the clubhouse and was attended by a large number of guests. Mrs. Case was the guest of honor and was seated at the head of the table. The party was a success and was enjoyed by all present.

## BEVERLY BOULEVARD OPENING CELEBRATED

Friday, the thirteenth, is regarded as a day of good omen in at least one section of Los Angeles, for today the Beverly Boulevard Association will celebrate the opening and dedication of the stretch of Beverly Boulevard extending from Juniper street to the intersection with First street at Compton. The opening of this link completes the paving of the east and west thoroughfares, all sections to the east of Vermont now being improved. It is hoped to complete in a few years the remaining unpaved links of the Beverly Boulevard route from La Brea, through the Beverly Hills, to connect with the Roosevelt Coast Highway. The Beverly Association opposes the proposed application of the name "Beverly Boulevard" to Temple street, on the ground that it would be confusing to motorists.

## Diet and Health

By Lulu Hunt Peters, M.D.

God could not be everywhere; therefore, He made mothers.—(Jewish Proverb.)

## CHOCOLATE AND COCOA FOR CHILDREN

Mrs. R.—Chocolate and cocoa contain a principle—theobromine—which is similar to caffeine in coffee. It is not considered best to let children have beverages made from these in strong concentration. However, if made of milk and with just enough cocoa or chocolate, they will contain no objectionable milk. Of course, it is of great importance in childhood, and if favored will be taken elsewhere. The child should have at least three glasses of milk in some form daily.

## ADENOIDS AND TONSILS

Mrs. B. has been advised by the local physician to have her child's tonsils and adenoids removed, but she believes that "God put them there, so they should stay."

## CHEF WYMAN'S Suggestions for TOMORROW'S MENU

- Breakfast**  
Shredded Orange  
Fruit and Cream  
Toasted Quince Preserves  
Milk  
Lunch  
Spaghetti a la Buckley  
Lettuce, French Dressing  
Cocoanut Cream Pie  
Milk
- Dinner**  
Split Pea Chowder  
Pickles  
Stewed Leg of Veal  
Creamed Cabbage  
Fried Sweet Potatoes  
Roquefort and Tomato Salad  
Cranberry Tart  
Milk
- Quince Preserves**  
Core, peel and cut in eighths eight large quinces. Core, peel and cut in eighths four quarts of sweet apples. Measure out five cups of sugar. Place alternate layers of quinces, sugar and apples in a preserving kettle and let stand over night. In the morning cook slowly until the fruit is clear and tender. Seal in hot jars and store in a cool, dark place.
- SPAGHETTI, BUCKLEY**  
Boil one pound spaghetti in boiling salted water, drain well and keep hot. Place in a sauce pan two tablespoons of olive oil, heat, add one chopped onion and cook until lightly browned; add half a pound of chopped round steak, one chopped clove of garlic, one cup of tomatoes, half a cup of soaked dried mushrooms, half a cup of water, one teaspoonful of Worcestershire sauce, one teaspoonful of chili pepper, one chopped green pepper, and season with salt and pepper. Simmer over a slow fire thirty minutes, mix with the cooked spaghetti, sprinkle with Parmesan cheese and serve very hot.
- COCOANUT CREAM PIE**  
Mix half a cupful of sugar with one-third of a cupful of flour and a few grains of salt; place in the top of a double boiler, stir in two cupfuls of milk and stir and cook until thick and smooth. Add the beaten yolks of two eggs and half a cupful of shredded cocoanut; cook one minute, remove from the fire and stir in one teaspoonful of butter and one tablespoonful of orange juice. Pour into a baked pie shell, cover with a meringue and brown in a slow oven.
- SPLIT PEA CHOWDER**  
Soak one cupful of cleaned split peas in cold water over night. Drain well, place in a sauce pan, cover with cold water, add one-quarter of a teaspoonful baking soda and simmer for three hours. Place in a frying pan one chopped slice of salt pork and one chopped onion and cook until brown; add the drained peas, one can of corn and one cupful of milk. Cook thirty minutes, add a seasoning of salt and paprika, one tablespoonful of melted butter and some split and toasted water crackers.
- ROQUEFORT SALAD**  
Rub two-thirds of a cup of Roquefort cheese to a cream with one tablespoonful of butter and roll into six even-sized balls. Remove the insides of six tomatoes, place a cheese ball in each and cover with a mixture of one chopped potato, half a cupful of chopped tender cutlets and half a cupful of chopped green peppers. Set the tomatoes on lettuce-covered plates, pour over a lemon French dressing and serve with water crackers.

## The LAST WORD

By ALMA WHITAKER

HER PRECIOUS YEARS  
"The dearest flapper of them all," I laughed, "and 38 years of age. Isn't she wonderful? Isn't she an old dear?"

"I am 38, if you please, my dear," she corrected me, archly. "Don't you forget that I am one of my precious years."

Oh, but I want to grow into a delightful old lady, just like her. That old darling slipped on a stair and broke a leg a few months ago. Had to have it in a plaster cast for weeks. But did she whine and feel sorry for herself? She did not.

"This is the jolliest thing that has happened to me for years," she beamed when I went to call. "I haven't had so much attention for years. All my friends pop in to see me now, who didn't used to have time before. See my autograph."

**TATTOOED WITH SIGNATURES**  
She turned back the bed clothes and exposed her great unwieldy plaster cast—entirely covered from the toes with signatures of the friends who had called to see her! My but she was proud of them.

Of course everybody loves her. How could one resist those merry old eyes, those naughty quips that keen sense of fun? How could one resist that amazing store of experience that she has hoarded through the years, and the mentality that has cherished and protected by them so jealously?

Nothing of the sort, however, about this fascinating friend. What wonders she has seen, what evolutions she has lived through, what an astonishing wealth of the best literature she has read, and how keenly she is still interested in the affairs of her day.

No one ever saw her look down her nose and wonder what the world is coming to. She is right in the midst of it, living it all with the youngest of us, delighting in every phase of the progress of "light."

Just to hear her on the enthralling subject of the progress of "light," has first memory of the light when mamma dipped the home-made candles. Then came curious, crude little lamps, soon to evolve into simple lamps with wicks that turned up and down.

**SWANKY ILLUMINATION**  
The invention of the remarkable duplex lamp, which used no kerosene, was a great advance.

## INCREASE IN CANNERIES HERE CITED

Four Times as Many Now as Ten Years Ago, States Food-Week Expert

Four canneries exist in Los Angeles for every one that operated here ten years ago, said W. M. Henry of the Canned Foods Week movement, yesterday in an address to housewives and chefs at headquarters in the Chamber of Commerce Building. Henry is secretary and treasurer of the Southern California Canners' Association.

Ten years ago Los Angeles county had twelve canneries, and today it has forty-seven, with definite assurance of another before the year is finished, said Henry. "The first cannery was established thirty-five years ago at a point near the Los Angeles River bed and Mission Road," he declared.

## TIA JUANA'S POLICE HEAD CITY VISITOR

Arranges With Sheriff to Co-operate in Hunt for Tracking Criminals

Manuel Labistada, Chief of Police of Tia Juana, paid a visit to Los Angeles yesterday. As guest of Deputy Sheriff Patton, he went to the Sheriff's office where he had talks with Undersecretary Biscailus and Sheriff Treasurer and arranged closer co-operation between his police department and local authorities.

## EXETER AND ANDOVER ALUMNI WILL MEET

Southern California alumni of Exeter College and Andover University, traditional enemies on the gridiron, will meet together for their annual luncheon tomorrow at the University Club, where they will receive reports on the football game between their alma maters.

Do you like skimmed milk in your coffee?

Do you like skimmed milk in your coffee? SKIM milk in your coffee wouldn't do at all, would it? Consider cheese.

Tillamook, you see, is full-cream cheese. It is made without taking the cream from the milk. Tillamook farmers are constantly striving to better their herds, only keeping the cows whose milk is richest.

From this fine whole milk the master cheese makers of Tillamook maintain Tillamook richness and creaminess and flavor. Every pound contains five quarts of full-cream milk.

Tillamook is the original branded cheese, too. Look for the name on every slice and loaf. Make the Tillamook mark on your rind your cheese-buying guide. You can be sure of Tillamook full-cream flavor.

Scene of World Premiere of De Mille's 'Road to Yesterday'

New Figueroa Theater, Figueroa and Santa Barbara Streets

W. S. Shepard, architect; Winter Construction Company, builders and insets (left) of Cecil B. De Mille and (right) Fred Miller, president of Far West Theaters, Inc., owner.

**THEATER CREDIT TO CITY**

New Los Angeles Film Palace Medieval Beauty  
With Ultramodern Utility

The gods have favored Cecil B. De Mille in the choice of show house for the world premiere showing of his great new spectacular production, "The Road to Yesterday." It has been placed in Fred Miller's new \$1,000,000 Figueroa Theater.

The house is faithful to the type of architecture which Los Angeles had adopted for her very own—the Spanish—and the decorations and furnishings follow the type to the most minute detail, here and there emphasized by a touch of the Aztec, so intimately connected with the Spanish.

And with all the medieval air which is so accurately caught and made a part of the whole structure, nothing has been omitted in the slightest degree essential to the truly modern theater. There is strength where strength is needed and every provision has been made for the operation of a high-class picture palace. From the operating booth to the extreme back of the stage, and from the ticket booth to the rest rooms, the architect has included everything known in modern theater building.

**CARRY OUT MEDIEVAL**  
The design of the interior, as well as the mural decorations, carry out the medieval Spanish. On the walls are reproductions of insignia, coats of arms and figures, all characteristic of this period.

**SPACIOUS STAGE**

The stage is 42 feet wide by 40 feet deep, of adequate size to stage productions of an elaborate nature. A counterweight system has been installed for the handling of drops. The main curtain depicts a scene of the Spanish crusaders. The orchestra pit is large enough to accommodate thirty musicians and the organ console is on an elevator lift so it may be raised and lowered at will.

There are two entrances, the largest on Figueroa street and the other on Santa Barbara avenue, both elaborately decorated. The theater will be equipped with the biggest searchlight in the city, and fifty feet above the roof will be one of the largest and perhaps the highest sign in Los Angeles. There will be 2000 lamps in the sign and 3500 lamps in the building and on the front.

The operating booth will be the largest and most complete in the city, with an outside door leading to the roof. It will be equipped with three projection machines and two generators.

The ventilating plant, which is on the roof, would require a room 30 feet high and 40 feet square to house it, and is the only one of its kind west of the Mississippi. All air is washed and then passed through salt to remove the moisture and humidity, which it can be heated if required.

The number of exits, together with their availability and the width of the aisles, make it possible to empty the theater in record time, and the arrangement of the house, despite its seating capacity of over 1600, is decidedly personal, every seat commanding a good, close view of the stage.

The Figueroa is a credit to the capital of blinodom.

**PREMIERE NOTES**

Cecil B. De Mille expended an amount of money large enough to make an ordinary picture just for an engine to be wrecked in one of the most spectacular scenes in "The Road to Yesterday," which is to open Fred Miller's new Figueroa Theater tonight.

Friday, the 13th, has no ill significance in the thoughts of Fred Miller, president of Far West Theaters, Inc. He is opening the new Figueroa Theater, Figueroa and Santa Barbara streets, tonight.

A street festival of unrivaled splendor has been arranged by Hal Horne for the opening of Fred Miller's new Figueroa Theater, Figueroa and Santa Barbara streets, tonight.

Far West Theaters, Inc., of which Fred Miller, veteran Los Angeles theater man, is president, will make its local debut tonight with the opening of the new Figueroa Theater.

Five stars, Joseph Schildkraut, Jettie Goudal, Vera Reynolds, William Boyd and Julia Faye, appear in "The Road to Yesterday," the spectacular Cecil B. De Mille picture which is to open the new Figueroa Theater tonight.

A train wreck, split in the middle for a jaunt back into medieval life, with interest fully sustained, is a spectacular feature of Cecil B. De Mille's "The Road to Yesterday," with which the new Figueroa Theater is to be opened tonight.

**PREMIERE  
EVENT OF  
MAGNITUDE**

Public Interest in First  
Picture by De Mille as  
Independent Pronounced

Not in recent years has there been greater interest in the world premiere of a big motion picture than that which attends the initial presentation tonight of Cecil B. De Mille's spectacular, gripping, "The Road to Yesterday," which is to open the new Figueroa at Figueroa street and Santa Barbara avenue.

Not only is it the first time in local history that a picture of such magnitude has had its premiere at an outlying house, and not only that the house itself is such a marvel of design, decoration and construction, but it is the first picture personally directed by De Mille since he became head of his own independent company.

Therefore, those actively engaged in the industry, as well as everyone else, are keenly interested in following pictures, are extremely anxious to see the production so as to judge what effect, if any, the change to an independent has

made upon the work of this master. Those who have seen the picture, it is said, proclaim it by far the greatest thing he has ever done and never surpassed in action, thrills, human interest, and, above all, displaying that truly masterful touch, natural, simple sequence of such logic as to be absolutely convincing.

The train wreck, which is the supreme thrill of the picture, is said to be worth all of the small fortune it cost to smash and burn a complete train, but those who have seen it marvel at the ingenuity displayed in using it as the portal through which all the characters pass from the twentieth to the seventeenth century and back again, without in any way disturbing the interest of the story, or leaving out any touch essential to carry the spectator along with the characters intimately and without break.

The cast of stars appearing in the production is enough to bring success to it. Among them are Joseph Schildkraut, who attained fame on the legitimate stage in such big plays as "Ilium" and "Peer Gynt," Jettie Goudal, whose response to the teachings of De Mille showed so plainly in her starring work in "The Coming of Amos," Vera Reynolds and William Boyd, who take the honors in that portion of the picture depicting the medieval age; Julia Faye, Casson Ferguson and Trisie Frizanza. Australia will produce 2,000,000 bales of wool this year.

**CLARENCE BROWN TO DIRECT FAMOUS STORIES**

**By Grace Kingsley**

Clarence Brown will direct Norma Talmadge in Hichens' "The Garden of Allah." This picture will be made for United Artists. All this was reported from an authoritative source yesterday. In the meantime Mr. Brown will start work on "Kiki," starring Miss Talmadge, within a few weeks.

No more suitable vehicle for Miss Talmadge could be discovered, it seems to this writer, than the Hichens novel, which is rich in acting opportunities, and tells one of the greatest love stories ever written.

Ronald Colman, according to present plans, will play the role of the priest lover.

No director of late has had such a meteoric career as Clarence Brown. This director, long associated with Maurice Tourneur as co-director and assistant, had excellent schooling, so that he learned the business step by step. So that behind his fast rise with his direction of "Smoldering Fire" and "The Goose Woman" is a long training of a most excellent sort.

Another production on the cards for Brown to direct is "What Price Glory," which, it is understood, Fox will make. It is also possible that he will direct "The Green Hat" for Paramount.

Brown's latest production, made for United Artists, is "The Eagle," starring Rudolph Valentino and Vilma Banky. This picture goes on at Loew's tomorrow. It had its premiere in New York on Monday and broke all records at the Strand Theatre there, and even topped the box-office record of "The Gold Rush."

**NEW M-G-M DIRECTOR EMPLOYS FINE CAST**

As his directorial American debut Benjamin Christensen, Danish director, recently brought to America a b y Louis B. Mayer, head of the Metro-Goldwyn-Mayer studios, yesterday began the direction of his own original story under the working title of "The Light Eternal."

Norma Shearer, star of many G-M-G productions, will be seen as Mary, the heroine. Carmel Myers, who last week completed her role of Iris in Fred Niblo's production of "Ben Hur," has been cast in the part of Yonna, the heavy. John Miljan, famous stage and screen actor, will have the character role of Liberator, and Claire McDowell, who has played important roles during the last year in many Metro-Goldwyn-Mayer productions, will be Mrs. Peterson. Little Joyce Cook will be seen as little Anita, and the dog, Buddy, will portray the part of the heroine's dog friend.

The leading man of this production has not yet been selected, but will be signed within the next few days.

The story deals with an underworld clique in Europe both prior to and immediately after the World War.

Christian, who was famous in Denmark both as an actor and director and at one time was a star of the Royal Theatre at Copenhagen. He studied under the tutelage of the Danish government and was a dramatic student at most of the capitals of Europe.

His first film productions were made in Copenhagen but he later directed in Sweden and for Ufa in Berlin.

**In "Torrent" Cast**

James Rennie and Ricardo Cortez will, according to rumor, be members of the cast of "The Torrent," which Metro-Goldwyn-Mayer is to make.

**Tom Reed Repeats**

If you want to know anything about Universal pictures, you may now inquire of Tom Reed, who has been reappointed to his old position as head of the publicity department.

**To Make Her Debut at Majestic**

**Hazel Miller**

Who is to play opposite Edward Everett Horton in his new comedy, "Cock o' the Roost," opening Sunday.

partment at Universal City, with Eddie Foy and others, is now assembled over in the Culver City studio. Theda Bara, George Truitt, Astor and others formerly prominent in drama are working for Mr. Roach.

**"White Cargo" to Tour Wilkes' Western Houses**

Prior to its being sent to Salt Lake and Denver, Leon Gordon's sensational drama of the tropics, "White Cargo," will be presented in San Diego, following its final performance at the Wilkes Orange Grove Saturday night. Thomas Wilkes announced yesterday that the popular piece which has been playing to capacity houses ever since it opened here five months ago will be shown in every one of his theaters west of the Mississippi.

Following its engagement of one week in San Diego, "White Cargo" will go to Long Beach for several days and then to Salt Lake City where it will play at the Wilkes Theatre there.

Opening Sunday evening at the Orange Grove, Wilkes will present Hatcher Hughes' famous Pulitzer prize play, "Hell Bent for Heaven," with Arthur Lubin, George Fadden in the principal roles. Joseph W. Girard, Douglas Montgomery, Al Cunningham, George Sherwood and Tabatha Goodman will also be seen in the Blue Ridge Mountain drama.

"Hell Bent for Heaven" was awarded the Pulitzer prize after it had been hailed by a body of prominent literary judges as being the best American play of 1923. Since then it has been scoring success wherever shown.

**BETTY IS BALLET DANCER FOR NIGHT**

Betty Compton last night danced as Lola Montes in the Pathemon Auditorium. The huge hall was taken over by Emmett Flynn and his fellow-workers from the William Fox studio for spectacular theater and ballet scenes in "The Palace of Pleasure," a picture being made from the romantic history of Lola Montes, the Irish girl who became, as the greatest "Spanish" dancer of her time, the toast of all Europe.

Hundreds of extras, ballet girls and players filled the auditorium for scenes in support of Miss Compton and Edmund Lowe, who plays the romantic masculine lead.

**New Orchestra Makes Debut at Lafayette Cafe**

Notables of filmland gathered with the socially elite last night at special festivities in Miller's Cafe Lafayette, which marked the advent of Harry Owens, noted composer, as conductor of an all-star orchestra he assembled for Harry M. Miller, proprietor of the Wilshire district restaurant.

Included in the list of cinema celebrities who entertained with parties were Mr. and Mrs. Reginald Barker, Mr. and Mrs. John Ford, Mr. and Mrs. William Baudine, Frances Tanager, Billie Dove and Irvin Willat.

On his first appearance as composer-conductor, Owens and his stellar orchestra featured "Let's Wander Away," his latest song success, and many of his old-time compositions such as "Tanger Awhio" and "Tomorrow Will Be Brighter Than Today." The composer was brought from New York by Miller specially to organize an all-star orchestra to furnish dancing repertoires and other entertainment during the winter at the Lafayette.

Owens drew on famous bands in all parts of the country in assembling the instrumentalists who received the plaudits of last night's premier patrons.

**LAEMMLE TENDERED TRIBUTE AT RIALTO**

An evocation of employees and public for a producer was the impressive feature of Carl Laemmle's night at the Rialto Theatre last evening, where "The Phantom of the Opera," Universal's master picture, was marked by special ceremonies. The occasion was a sort of routing "welcome home" to the pioneer film producer, who recently returned from a tour of Europe. He was considerably moved by the demonstration and recently returned from a tour of Europe. He was considerably moved by the demonstration and recently returned from a tour of Europe.

**JOE WRITES ACTS FOR FAMOUS STARS**

Joseph Jackson, publicist and playwright, has just finished short plays for Frank Keenan and Ethel Grey Terry, both of whom are playing vaudeville tours. Keenan act is known as "Twilight" and is a strong drama of the World War in which the star will impersonate a French colonel. The actor and his wife are now taking a short vacation in Europe before starting their tour.

Miss Terry and her husband, Carl Gerard, are rehearsing "Bedlam," a domestic comedy, which has only three members in the cast.

Both plays are said to have unusual situations and stage effects.

**Playcrafters' Contest Stirs Keen Rivalry**

A keen rivalry exists between the three contending casts of players who are to appear in the competitive performance of prize plays to be staged by the Playcrafters on Friday evening, at the Gamut Theatre.

Each offering will be produced under the supervision of a separate director. Boyd Irwin, Theodora Wurdell and Irving Victor comprise the cast of "The Price of Love," Kenneth Christ, Tom Horst and Thomas J. Ward will be seen in William Elwell Oliver's "Intrusion," and "The Psychological Moment" will be played by Catherine Marvin, Farrah Blason, Edith Hollister, Gertrude Henry and Byard York.

The contest prize will be awarded to the offering receiving the largest number of votes from the audience.

John Sainpolis is essaying the role of a Count in Balbon's new vehicle, "Far Cry." Sainpolis plays Count Filippo Sturani, an expert duelist.

## MAIL ROBBERY SUSPECT HELD

One Container Appears to  
Bear Bloodstains

Receptacles Like Those in  
Santa Ana Robbery

Pouches Found by Officers on  
Liquor Hunt

Leo Walker, 26 years of age, was placed under arrest on a charge of suspicion of mail robbery after nine empty mail sacks were found in a garage at 1431 1-2 North Main street yesterday, according to police. One sack was marked with what appeared to be bloodstains, and in another was a bullet hole, officers said.

### SEARCH FOR LIQUOR

The sacks are said to be of the No. 3 series, the same as those carried on the Santa Fe flyer which was held up near Santa Ana the night of August 24 last, when E. L. Campbell, 62 years of age, of Los Angeles, was fatally wounded. It was stated at the time that the robbers got nothing of value and several suspects were arrested and later released. Campbell, a veteran express messenger, had been shot through the head after firing one shot, and many of the articles in the combination mail and baggage car were blood-marked.

The finding of the mail sacks and the arrest of Walker followed a visit of Detective Lieutenants Meyers, Freeman and Cahos to 1431 1-2 North Main street in a search for liquor. In the garage, hidden under a heap of miscellaneous articles, they came upon the mail sacks, they reported. The sacks were empty and had not been out, being open at the top.

### INVESTIGATION BEGUN

Walker, who was taken to the Lincoln Heights Station, said that he had worked for the Postoffice Department which was still coming him money, and he had kept the mail bags for security, according to the arresting officers. They stated that they had communicated with postal authorities, who informed them that there was no record of Walker ever having been employed by the department.

A complete investigation of the circumstances of the robbery and the finding of the mail sacks is being made.

## NEW SITE OF UNION DEPOT PROPOSED

Jacobson Urges Location  
South of North Broadway  
Bridge

The locating of the new joint passenger union railroad depot south of the North Broadway bridge, between the Dayton-avenue bridge and College street, about one-half mile northeast of the Plaza, was recommended to the City Council yesterday by Councilman Jacobson. He urged the other members of the Council to inspect the site he recommended. He said that inasmuch as the Railroad Commission had declared in favor of the depot being built at a site in the vicinity of the Plaza, the site he proposed would fit in with the commission's recommendations. Councilman Jacobson's resolution asking for an investigation of the possible site of this site for the union passenger depot was referred to the City Council's Civic Center Committee.

## EXTORTION CHARGED IN CHECK CASE

Bank Employee Declared  
to Have Used Harsh Meth-  
ods in Obtaining Money

Frank Hamm, assistant cashier of a Del Rey bank, is accused of having used harsh methods in extracting out a bank discrepancy, according to a complaint charging extortion and grand larceny of \$200 filed against him by Dep. Dist. Atty. See.

Hamm was arrested yesterday by Deputy Sheriff Monteleone. Jesus Solis, a Mexican living at San Fernando, is said to have cashed his pay check at the Del Rey bank where Hamm is employed. A little later the bank found itself \$200 short, and Hamm, believing that Solis had been overpaid that amount in cashing his check, went to his home and made him give up \$200, it is charged.

A similar complaint originally was issued against another bank employee, but this will be withdrawn, it is said, investigation having shown that the man named had nothing to do with the asserted affair.

### FINIC FOR CASTLETONIANS

Former residents of Castleton, N. D., will have their third annual reunion picnic Sunday, at Brookside Park, Pasadena. In case of bad weather it will be postponed one week to the following Sunday.

## Play Leads in Film Marriage

Vows Plighted

Left to right—Joseph Sharkey Welmar, Rev. E. B. Backus and Dorothy Denes Snowden.

## FILM HEAVY PROVES HE'S GOOD SUITOR

Villain Leads Actress to  
Altar at Ceremony in  
Home of Bride's Friend

Not only is Joseph Sharkey Welmar a screen villain of some little ability, but he is also an impetuous and convincing suitor.

Proof of this was given last night when Dorothy Denes Snowden, also a performer before the camera and relative of Phillip Snowden, English statesman, became the bride of the screen heavy. The ceremony was performed by Rev. E. B. Backus at the home of friends at 1258 North Detroit street with a small group of friends and relatives attending.

The wedding was the outgrowth of a friendship originating six months ago when Miss Snowden came to Los Angeles to enter motion-picture work. The couple will forego a honeymoon trip to allow the bridegroom to return to location at San Pedro, where he is at work in a new production featuring Syd Chaplin. A deferred honeymoon trip will be taken in June, when the couple will journey to Alaska. They will make their home in Hollywood.

Welmar, who is known as Jack Sharkey, is known among boxing followers of a decade ago as Sallor or Sharkey, at one time a successful middleweight. He started boxing while in the Navy and from 1904 to 1908 held a fleet middleweight championship. He continued in the professional ring after leaving the Navy, finally quitting boxing in 1914.

In 1916, Welmar entered motion-picture work, first in the service of William Fox. Later he freelanced and has appeared as the villain in many well-known pictures. Miss Welmar has just finished work with Bill Hart in "Tumbleweeds."

## Autoist Drunk in Court Given Jail Sentence

A. E. Austin of 935 South Olive street and A. H. Fletcher, colored, got in an argument after their cars had collided at Ninth street and Central avenue, October 9, and Austin is said to have knocked Fletcher down.

Police, suspecting that Austin had been drinking, arrested him on a reckless-driving charge.

The case came up for trial before Police Judge Pope on October 27. Austin was under the influence of liquor, in the opinion of the court, and the case was continued until yesterday for the sake of clarity.

Yesterday Judge Pope decided that Austin was not yet sober. He sent him to jail for fifteen days.

## PAY ROW WILD AND WOOLLY

Cowboys, Cowgirls and Indians Win Most of Claims  
in Legal Pow Wow at Labor Bureau

Wildier and woollier than most rodeos was the confab of cowboys, cowgirls and Indians with State Labor Bureau deputies yesterday at the bureau's headquarters. Seventy-five or more men and two women from the wide-open country, supplemented by a squad of Indians on the financial war path, were assembled in the offices of the bureau and out in the corridors.

Great oaths crackled through the offices and in the corridors. The air was literally blue with them. Spurs jingled, boots clattered and hairy fists hammered desks. They were demanding pay for their work at the Ascot rodeo recently.

The sons and daughters of the cow country and the contingent of redskins, led by Chief Mad Wolf, had assembled in the offices at the call of Chief Deputy Labor Commissioner Barker and Deputy Labor Commissioner Lowy. Shortly after the round-up at Ascot had been taken off the boards, they had filed eighty-nine wage complaints against George Bentele and Addison P. Day, who promoted the rodeo.

The pow wow yesterday was to determine how many of these complaints were valid. At the conclusion of the wild and woolly hearing, it was announced that eighty of the complaints totaling \$8800 would be allowed. But to meet these charges, it was stated that there was only \$6800 on hand. The better part of this is in the form of a check against which a lien has been obtained by the printing company which put out the posters for the rodeo. Mr. Lowy stated that he would make an effort to have the lien removed so that the cowboys, cowgirls and Indians could be paid, at least in part.

## INCREASE IN INDUSTRIAL LINES SEEN

Employment Figures for  
State Indicate Skilled  
Labor in Demand

Increase in employment in industrial lines occurred in California during October, according to a statement released by the employment service of the Department of Labor. Skilled labor is well employed, while an oversupply of common labor continues to exist, according to the report.

Operations in all plants in Los Angeles and vicinity continue at about normal capacity, according to the report, while increased activity is expected in many industries. It is contemplated that fish canning will exceed last year's figure. More than 1000 men will be employed upon a \$15,000,000 public-utility construction program.

Calls for help in harvesting the walnut and lima-bean crop have been made, the report states. A surplus of workers in industries was reported during the harvesting season.

Additional labor during the next sixty days can be used in picking the cotton crop in Madera, Tulare and Kings counties. It was declared, and more help for the orange crop in Tulare county. Ventura county reported a labor shortage during the harvesting season. Recent activity has been noted in lead, silver and zinc mining, and in 1908 held a fleet middleweight championship. He continued in the professional ring after leaving the Navy, finally quitting boxing in 1914.

In 1916, Welmar entered motion-picture work, first in the service of William Fox. Later he freelanced and has appeared as the villain in many well-known pictures. Miss Welmar has just finished work with Bill Hart in "Tumbleweeds."

## Worm Will Turn Exemplified by Robbery Victim

James Pringle, 35 years of age, a store-keeper of Wilmington, turned upon his asserted tormenters yesterday and swore out complaints against them. The complaints were issued by Dep. Dist. Atty. McIsaac and charged Esther Lillian Grogan, Wylie Murray and Emil White with grand larceny and Joe Petasa with robbery.

According to the charges, the first three named visited Pringle recently and stole \$250 from him. Deciding he still had some money, it is asserted, White and Petasa appeared a short time later and got \$200 more from him. When it was declared, they told police he was bootlegging and he was arrested for investigation, but soon released. During his detention, however, someone dug all around his place and ransacked his store, looking apparently for hidden money. All four named in the complaints are under arrest and will have hearings next week.

## Show-Business Uncertainties Win Exemption

To the ups and downs of the theater business Emanuel A. H. Myers attributed his present inability to pay alimony when he appeared before Judge Summerfield yesterday in response to the demand of his wife, whom he has sued for divorce.

They were married in 1902 and she deserted him ten months later, he charged in his complaint. She countered with a motion for alimony, setting forth that Myers had profited \$40,000 by the purchase and sale of theaters in New York and Chicago. To this, Myers replied that theater deals since those had not been so successful and that he was now forced to work in Los Angeles at a salary of \$100 a month to support himself. On the other hand, he said, his wife had prospered in the years following their separation, and she now owns income-paying property in New York, where she lives.

Judge Summerfield absolved Myers from the alimony claim, but ordered him to pay \$100 to his wife's attorney, E. V. Rosenkrantz.

"One o'Clock  
Saturday"

This is the Gate of Peter, Peter,  
Had a Wife and Couldn't Keep Her!

Dear Playmates:

Oh, last night was the best of all—just wonderful. We spent most all day writing our Santa Claus letters—we tried not to be selfish in asking for things, but after Twins have traveled as extensively as we have in BULLOCK'S CITY OF HAPPINESS, they want an awful lot! After you've been there, we know you'll feel the same way.

Twinkles never looked so shiny, and happy and pretty as she did last night.

"You look like you're just bursting with happiness," I said to her.

"I am," said Twinkles, "and if you want to know why, it's because I'm going to make a pair of Twins I know mighty happy, too, tonight—I've a real surprise in store for them. Ready?"

And next thing we knew, we found ourselves at a party in BULLOCK'S CITY OF HAPPINESS. Old King Cole and Little Miss Muffet were dancing to the music of all the musical instruments besides that of the fiddlers three. Mother Hubbard and her dog were playing "Bean porridge hot, bean porridge cold," and Little Boy Blue was dancing and blowing his horn at the same time, and Simple Simon was singing a song.

"Jack," Jane said to me, "isn't that Peter, Peter, Pumpkin Eater and his young wife? They've made up and are happy." And sure enough, there they were both sitting on the edge of a huge pumpkin shell singing at the top of their voices.

"Go straight ahead, Twins," they sang out to us to the tune of Yankee Doodle, "Twinkles is looking for you."

Jack and Jane

## Come to Bullock's Toy Store Saturday Morning Through the Gates to the City of Happiness

Santa Claus and Mrs. Santa Claus will be here—ready to listen to your Christmas wishes. TOYS—so many that they couldn't all fit in Bullock's large fifth floor section, so some of the Large Wheel Toys and Children's Furniture—have been moved to the sixth floor.

And, as a special inducement for shopping Saturday Morning at Bullock's Toy Store,

100 Baby Dolls in  
Blankets at \$1.95

Rock-a-bye dolls with such cute little faces—bisque heads and sleeping eyes. Each tied in a pink or blue blanket just like a new born baby. Saturday morning (not today) \$1.95.

Imported Santa  
Balls Also, \$1.95

Small sizes for small boys. Such a nice gift. And how a boy does like to have an Imported English cowhide with a silver buckle. \$1.95.

—Toy Store, Bullock's Fifth Floor.

# Italy Given Generous Terms of Settlement of War Debt to U. S.

The abnormally weak condition of Italy in finance and commerce the terms of settlement of the new debt of \$2,000,000,000 to the United States are more generous than those accorded others of this principal debtors. An agreement was reached yesterday at Washington between the Italian debtors and U. S. Treasury officials. Principals in the negotiations, pictured above in session, are (1) Secretary of State Kellogg, (2) Secretary of the Treasury Mellon, (3) Undersecretary of Treasury Winston, (4) Secretary of Commerce Hoover, (5) Dr. Mario Alberti, (6) Count Giuseppe Volpi, head of the Italian committee, (7) Count Bonin-Longare and (8) Italian Ambassador Martino. (P. & A. photo.)

The Twenty-First Anniversary of the death of Mrs. Eliza A. Otis was observed with the simple ceremonies attendant upon the rededication of the Eliza A. Otis chimes which have recently been installed in a new specially designed concrete belfry at Hollywood Cemetery. For the first time in a number of years the deep-toned chimes boomed forth their harmony as Dr. Hugh K. Walker, pastor of the First Presbyterian Church, in a most appropriate and touching address rededicated the chimes before a group of intimate friends and relatives of the woman whose memory inspired the establishment of the memorial. The set of chimes consists of twelve units, upon each of which is graven a poem written by Mrs. Otis. The timbers of the building in which the chimes were first housed sagged a number of years ago, since which time, until yesterday, the melodious throats have been mute. Photo shows the group gathered for the ceremonies. At right is a close-up view of the chimes. (Times photos.)

Further Glory to the Name of Curie was added at Paris this week through Mlle. Eva Curie, the younger daughter of the discoverer of radium, when she appeared in a piano recital before an enthusiastic audience of music-lovers and was accorded an ovation. Mlle. Eva Curie above. (Underwood & Underwood.)

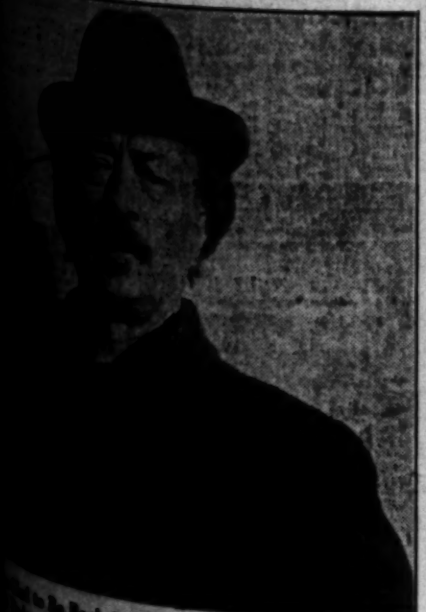

With Their Original Object Accomplished, Theodore (left) and Kermit Roosevelt will push into Central India in quest of additional fauna for the Field Museum. The Roosevelts bagged four Marco Polo sheep, the object of their expedition, during their explorations in Central Asia. (P. & A. photo.)

Complete Assumption of Power in China is accredited to Gen. Feng Yu-Hsiang, known as the "Christian General," in dispatches from the Orient. The same dispatches state, however, that Gen. Chang Tso Lin with a considerable force is approaching Peking for the purpose of engaging Gen. Feng. (P. & A. photo.)

Asserted Attempts at Collusion in the Navy's investigation of the Shenandoah disaster were charged by Mrs. Margaret Lansdowne, widow of the dead commander of the ill-fated dirigible, in testimony before the Mitchell court-martial board at Washington yesterday. Mrs. Lansdowne above. (P. & A. photo.)

Ignace Jones, pianist and statesman, who returned to America for the purpose of appearing in a concert tour which he declines to label as the marriage at White Plains, N. Y., this week. Above photo shows Rhinelander in court. (P. & A. photo.)

Details of His Courtship and Marriage of Alice Beatrice Jones, daughter of a negro coachman, were unemotionally bared by Leonard Kip Rhinelander, son of an aristocratic family, in his suit for annulment of the marriage at White Plains, N. Y., this week. Above photo shows Rhinelander in court. (P. & A. photo.)

Charging Her Royal Husband With Fraud, Lady Georgina Douglas (above), divorced wife of Lord Sholto Douglas, is suing Prince Burhan, son of the late Sultan Abdul Hamid of Turkey, and her latest matrimonial partner, for return of more than 500,000 francs which she advanced him after their marriage. (P. & A. photo.)

The Presence of "Sheik" Valentino as a defense witness made little impression upon the New York jury which recently found Mme. Olga Petrova (above with Valentino) guilty of plagiarism and assessed heavy damages against her in connection with the production of one of her recent plays. (P. & A. photo.)

## SUNDAY DANCING PLEAS OPPOSED

Protests Greet Appeals of Venice Organizations

Council Considers Problem of Special Zone There

Action May be Taken Before Annexation Date

While City Attorney Stephens is investigating laws and court decisions to determine whether Los Angeles can place Venice in an amusement zone to permit Sunday dancing, the City Council's Public Welfare Committee is receiving scores of letters protesting against any easing up of the Los Angeles Sunday closing regulations for Venice, Chairman Allan said yesterday.

The annexation of Venice to Los Angeles will become effective on or about the 24th inst. From that day, ordinance 100,000, which prohibits Sunday public dancing will prevail in Venice unless the City Council has changed the law applying to the newly annexed district.

**DANCING UPHOLD**  
The Council has before it a request from the Venice Lions Club and the Venice Amusement Men's Association declaring that Sunday is the most profitable day at the beach and that to prohibit dancing would drive Sunday amusement seekers to Santa Monica and other beaches. They asked that Venice be placed in an amusement district.

The City Attorney will advise the committee as to its jurisdiction before the requests are considered. It is expected that the matter will come before the committee at its meeting next Wednesday afternoon.

Among the protests received by the committee against placing Venice in an amusement zone, Councilman Allan said, were letters from Annandale Boulevard Parent-Teacher Association, Rev. O. A. Porter of the Annandale Methodist Episcopal Church, Elizabeth Smith and a number of other Los Angeles public school teachers, Vermont Square Methodist Episcopal Church, of which Rev. B. Dudley Bunden is pastor; Rev. James E. Dunning of the Euclid Heights Methodist Episcopal Church; L. E. Guild of the Los Angeles district of the Methodist Episcopal Church; Crescent Heights Methodist Episcopal Church by E. R. Cole, pastor, and the Echo Park Methodist Episcopal Church.

**SEVERAL PROBLEMS**  
The committee's problem is to decide whether or not Venice legally can be placed in an amusement zone, whether or not it should be done, and if it is done, must amusement zones be created in other parts of the city so that the legality of the Council's action cannot be attacked on the ground of legislation in favor of Venice and discrimination against other parts of Los Angeles. If the granting of the Venice request will mean, in effect, that the Council must open the door to Sunday public dancing in Los Angeles, is another question.

The Ohio Council of Churches recently adopted a resolution admitting women to membership on the same basis as men.

## ACCUSES JOKESTER WHEN DOG IS HELD

Estelle Taylor

BARRING OF PET BLAMED ON FUNSTER

Dempsey's Wife Declares Farcial Appraisal Keeps Pug in Customs Office

Estelle Taylor's gift dog is being detained at the canine Ellis Island at New York all because of a dog fancier's joke, the film actress declared yesterday. But then, customs officers are notoriously lacking in a sense of humor.

It seems that the dog is an English pug whose value, according to the wife of Champion Jack Dempsey, is exactly equal to the cost of its passage from England, which is \$55. A dog fancier viewed the animal while it was being held pending information as to the status of the English pug dog quota, and told customs officials it is worth \$10,000.

The officials immediately determined that the difference between the dog fancier's valuation and Miss Taylor's valuation is exactly \$945, and as a result the animal passed the night in lodgings hitherto unknown to a protégé of Sir Harry Preston.

The pug is a gift from Sir Harry to replace a dog presented by him to Miss Taylor when she was in England last year. This first dog jumped off a roof and killed itself.

Miss Taylor yesterday commissioned a representative to look after the dog's rights and is optimistic that it will soon be on its way to Los Angeles.

## HUGHES SCORED AS PLAY CRITIC

Author's Classification of Los Angeles Hit

Producer Puts City on Same Plane as New York

Wilkes Cites Many Successes Originating Here

The theatrical classification of Los Angeles alongside of Philadelphia by Rupert Hughes, the author, drew ejaculations of "ridiculous, absurd and pure bunk" from Thomas Wilkes, Los Angeles and New York play producer, last evening. Hughes' classification of Los Angeles took place last Monday when he was witness in a court case against Wilkes.

"Hughes is an author, not a theatrical producer," Wilkes snapped out with some feeling. "On what he bases his rating of New York, Chicago and possibly Boston, as the only first-class theatrical cities, I do not know, but his statement is preposterous."

"I'll rank Los Angeles with New York and let the rest of the cities fall where they may. The only way New York has it over Los Angeles is the greater number of people to draw from, which allows longer runs."

**BOX-OFFICE RANKING**  
Theatrical producers rank cities from the standpoint of the box office and the premiere productions with original casts. In the last year and in the case of my own productions here, premiere offerings have not only been cast from high-class actors and actresses who are in the city, but they have been rehearsed, costumed and produced in their entirety, even the scenes being painted here.

You never hear of Boston or Chicago or Philadelphia choosing a cast from the ranks of theatrical cities in those cities. They get their casts from New York, and many cast members from Los Angeles. Boston and Philadelphia primarily are try-out cities and the shows are produced there, before an opening in New York, with casts chosen and rehearsed in New York.

The motion-picture industry has brought to Los Angeles high class and recognized professionals, not stars either in films or on the stage. But what are known in the profession as supporting actors. There are any number here in rank with the best that New York can offer in this line. Therefore it is an even game, and a play suitably here and produced with a cast that compares more than equally with the cast of the same play in New York.

**BIGGEST SUCCESS**  
"Look back over the past few seasons here, if you think Los Angeles is a second-class theatrical city," said Wilkes. "Morocco gave 'Able's Irish Rose' its premiere in this city, playing here to a run of thirty-six weeks. It has been the biggest box-office success in the history of New York. Rupert Hughes may side with other technicians in saying 'Able's Irish Rose' is a poor play. But you can't convince the business-office man that it is."

Other premieres of plays that later were hits in New York were later by Wilkes. "The Fool" with Richard Bennett, had its premiere here; "The Nervous Wreck," with Edward Horton; "In Love With Love," with Mary Newcomb, and "Topsy and Eva," with the Duncan Sisters, which was cast and rehearsed here, although the premiere showing was made in San Francisco.

**HIT-AND-RUN AUTO VICTIM SUCCUMBS**  
Mrs. Clayborne, Pioneer of Los Angeles, Dies from Her Injuries When Hit by Car

Mrs. Winifred Clayborne, 62 years of age, a Los Angeles pioneer, who became the victim of a hit-and-run motorist last Saturday, died yesterday at Angelus Hospital. Detectives so far have been unable to trace the driver of the death car, who raced away after running down the aged woman at the intersection of Twenty-fourth and San Pedro streets.

Mrs. Clayborne had been a resident of Los Angeles for forty years. Her father was Richard Kidson, who at one time owned a great estate south of the city of what is now Forty-ninth and Main streets. An inquest into the death will be conducted at the W. A. Brown mortuary tomorrow morning.

**Negro Seized as Murder Fugitive From Oklahoma**  
Arthur J. Gardner, colored, is being held for authorities of McAlester, Okla., where he is said to have been serving a life sentence for murder until his escape in July, 1915.

Gardner has been in Los Angeles seven years, being employed at a service station, according to Deputy Sheriff Fox, Schultz and Miller, who arrested him yesterday. The negro has a wife and two children here. He is said to have a wife and three children in McAlester. He is being held in the County Jail until McAlester officers come for him.

**GOODCELL PROPOSES LAWS' CODIFICATION**  
Codification of California's body of laws to "eliminate deadwood and useless technicalities" was urged in an address by Rex B. Goodcell, Collector of Internal Revenue, in an address yesterday noon before the Justintian Club. The meeting was attended by a majority of the justices of the Appellate Court, many of the Superior Court judges and a large number of attorneys. W. H. Anderson, president of the club, presided at the luncheon meeting.

## GIRLS JOIN IN HI-JINKS

Mere Male Excluded From Bizarre Gathering of Campus Groups for Annual Entertainment

Mere man, ironically enough, was dispossessed of his club last night when more than 300 young women of the University of Southern California, most of whom were attired as men, revelled at the sixth annual all-women's hi-jinks in the Y.M.C.A.

Behind drawn blinds, presumably far from the gaze of the male of the species, the girls dressed in grotesque costumes of variegated colors burlesqued motion-picture celebrities, modern chorus girls, campus life and last, but not least, the faculty.

Even the uniforms of the University of Southern California's band, cardinal and gold sweaters with knicker and hose, were usurped by the fair sex composing the orchestra.

**MANY PRESENT**  
Efforts of ever curious males to catch a glimpse of the doings through a crack in the door brought forth a wave of menacing voices.

Fourteen societies, two literary societies, two athletic societies and the women's dormitory were represented.

The event, sponsored by the Young Women's Christian Association, inaugurated the annual get-together of the 200 or more pledges to the various organizations.

An effective impersonation of Dean Mary Sinclair Crawford was executed by Miss Thelma A. Roberts, a sophomore, in a skit. The Dormitory, done in reverse fashion from a poem appearing in one of the campus publications.

All the pledges to participate in the function either by rendering a two-line recitation or dancing the Charleston until fainting.

The prizes were held a secret, although it was admitted by Helen Sherman and Eloene Truitt, who had charge of the affair, that awards would be made for the best costumes and stunts.

**SEVERAL SECRETS**  
The patronesses who acted as judges were Mrs. R. H. Von Klein Smid, Mrs. Karl T. Waugh, Dean Mary Sinclair Crawford, Miss Rosemond Bell, Frances Lucas, Miss Ruth Brown and Miss Emily Biles.

Just what followed the acts was a dark secret. It was intimated, however, that refreshments and dancing to the strains of an orchestra were forthcoming at the University of Southern California.

But here is one secret the girls didn't know about: While the girls were frolicking, three boys in Oxford bags watched the performance to their heart's content through a skylight in the roof.

**GIRL DYING FROM STABS IN LOVE ROW**  
Youth Held on Charge of Assault With Intent to Commit Murder

A slashing knife last night terminated a lovers' quarrel between Genevieve Ramirez, 19 years of age, and Jim Madrano, 18. The girl is at the point of death at the Receiving Hospital from stab wounds and the youth is in a cell at the City Jail on a charge of assault with intent to kill.

The quarrel broke out shortly after the girl arrived at her room at 118 North Anderson street. She found Madrano awaiting her in a jealous frenzy because she was not home when he arrived.

They quarrelled and their re-animations attracted John White, another roomer in the same house. He entered and separated them. A few minutes later he heard the girl shriek. He hurried in to find her unconscious on the floor, bleeding from a score of wounds. Detective-Lieutenant Hickey and Truitt responded to his call, had the girl taken to the hospital, and placed the youth under arrest.

Miss Ellamarie Fallor, only Assistant United States Attorney of her sex in the criminal division, has been selected to prosecute the Charles W. Morse fraud case.

## SHIPS DRILL IN PRACTICE FOR BATTLE

Dreadnaughts Try Short-Range Gunnery This Week; Fleet Tactics to Come

Short-range battle practice was fired off the coast yesterday by the battleships Maryland, Mississippi and Nevada, all three ships making highly satisfactory scores, according to unofficial reports last night. The U.S.S. Tennessee and U.S.S. Idaho are scheduled to fire the practice today.

The short-range gunnery schedule of the battleship divisions will be completed next week; the U.S.S. Colorado, New Mexico and Arizona, firing on the 17th inst., while the U.S.S. Oklahoma will fire her main battery on the 19th inst. The Oklahoma is now en route here from the Puget Sound Navy Yard, being due home tomorrow morning.

The short-range program will be closed next week-end by a twenty-four-hour tactical exercise in which the entire Battle Fleet will participate—battleships, destroyers, submarines and aircraft. During the week of the 22nd inst. the Fleet will remain at anchor here for overhaul and liberty, while on the 30th inst. the dreadnaught squadron will begin a fortnight of intensive gunnery work, closing its fall program, after which there will be no gunnery practice until the Fleet returns from Panama next April.

**FORMER POLICEMAN HELD ON DRY CHARGE**  
Herman C. Sanders, former police lieutenant, faced United States Commissioner Turney again yesterday on a liquor charge and was held for trial under \$1000 bond. He was arrested last Saturday in a raid on his home at 1327 West Forty-seventh street, where Federal agents found thirty-five quarts of gin and Scotch. The former officer has been arrested twice before.

**ENTERTAINER GIVEN YEAR ON PROBATION**  
Theodore Pirtle, 19-year-old dancer and entertainer, who pleaded guilty to a charge of contributing to the delinquency of an 18-year-old girl he met in Lincoln Park, was granted probation of one year yesterday by Judge Archibald.

The first Wisconsin cities to employ policemen were Racine and Superior, both making appointments in 1914.

**WILLING OTHERS SHOULD LEAD**  
You know how the Rotarians do at their dinners, when they stand up and tell in what business they are engaged. George Marble tells of an undertaker, when called on at one of these meetings who rose and said, "I follow the medical profession."—[Capper's Weekly.]

**LECTURE SCHEDULE**  
Free Christian Science lectures will be given by members of the board of lecturership of the mother church, the First Church of Christ, Scientist, Boston, as follows: Bicknell Young, C.S.B., of Chicago, Sunday in Meritt Theater, Putnam avenue and Washington Boulevard, Culver City at 2:10 p.m., under the auspices of Fourteenth Church, Tuesday, in Second Church, West Adams at Hoover, at 8 p.m.; Thursday, in Third Church, 734 South Hope street, at 8 p.m.; Friday, in Odd Fellows Hall, 4410 1-2 Whittier Boulevard, at 8 p.m.; under the auspices of Eleventh Church. Prof. Hermann S. Hering, C.S.B., of Boston, Friday, the 16th inst. in Ninth Church, 413 South Normandie avenue, at 8 p.m.

Mary Pickford, motion-picture star, has been elected a director of the Federal Trust and Savings Bank of Hollywood.

**TO QUIT POST**  
Immediately requested Wilkes to relieve him as editor of the Shenandoah, which he might appear before Monday, when it will make the charges Mrs. Landowne's testimony in the naval court of inquiry.

Both Mrs. Landowne's testimony and her own statement of the facts of the case, which she had made public in the press, were the subject of the presentation of the defense. This view was taken by the court.

## HUNDREDS IN TRAIL

Third of 1000 Summoned Apppear in Cases, With Warrants Out

About one-third of the 1000 persons summoned to appear in Judge Chambers' court yesterday in connection with the traffic violation calendar were present to answer the warrants. About 200 of the 1000 persons summoned were charged with violating the speed laws. The rest were accused of minor infractions, parking in loading zones and other forbidden places being responsible for the majority of the tickets.

Approximately 15 per cent of those accused of minor violations were let off with suspended sentences. Many declared that they had parked their cars properly and that their machines had been pushed into prohibited places by other motorists.

Fines on speeding charges ranged from \$15 to \$25. Thirty-three motorists who were fined were held temporarily while efforts were made to raise the amount of their fines. No straight jail sentences were indicated.

Records show that while police are increasingly active in tagging motorists for speeding, the number of accidents in which injuries are suffered are on the increase. All the persons charged with speeding in police court yesterday were arrested by members of the speed squad.

Police records show that there were 204 accidents in which persons were injured this month up to yesterday. There were 118 accidents in which injuries were suffered in the corresponding period in October.
